Special Federal Program Notices

Government Contracting Classroom

Did you know the federal government buys nearly \$100 billion worth of goods and services from small businesses each year?

Government contracts can offer significant opportunities for small businesses, but selling to the government requires a very different approach than selling to the commercial sector.

SBA has created a series of free online contracting courses designed to help prospective and existing small businesses understand the basics about contracting with government agencies. Whether you are just getting started or looking for ways to compete in the government contracting marketplace the courses offer a tremendous resource for interested parties.

About the Courses

These self-paced courses include audio and take about 30 minutes to complete. You can exit a course at any time. Before entering a course, you may be prompted to complete a registration form, which includes a few short questions and takes less than a minute.

An example:

Webinar: Overview of the 8(a) Business Development Program

Interested in the 8(a) Business Development Program? Join our webinar and knowledgeable panelists to make sure you are getting the most out of the benefits of the program. Ask questions and learn how to take your business to the next level on **July 23 at 2pm ET**.

Opportunity Category:	Discretionary
Funding Instrument Type:	Grant
Category of Funding Activity:	Education
Category Explanation:	
Expected Number of Awards:	18
CFDA Number(s):	84.282 -- Charter Schools
Cost Sharing or Matching Requirement:	No
Current Closing Date for Applications:	Jul 11, 2014 Applications Available: May 27, 2014. Dates of Pre-Application Webinars (all times are Washington, DC time): 1. May 28, 2014, 10:00 a.m. to 11:30 a.m.; and 2. June 4, 2014, 2:30 p.m. to 4:00 p.m. Individuals interested in attending one of the Webinars are encouraged to pre-register by emailing their name, organization, contact information, and preferred Webinar date and time with the subject heading NON-SEA PRE-APPLICATION MEETING to Charterschools@ed.gov. There is no registration fee for attending this Webinar. For further information about the pre-application Webinar, contact Brian Martin, U.S. Department of Education, 400 Maryland Avenue SW., Room 4W224, Washington, DC 20202-5970. Telephone: (202) 205-9085 or by email: brian.martin@ed.gov. Deadline for Transmittal of Applications: July 11, 2014.
Archive Date:	Aug 10, 2014
Estimated Total Program Funding:	\$4,000,000
Eligible Applicants:	Others (see text field entitled "Additional Information on

Additional Information on Eligibility:

Eligibility" for clarification)

1. Eligible Applicants: (a) Planning, Program Design, and Initial Implementation grants (CFDA number 84.282B): A developer that has (1) applied to an authorized public chartering authority to operate a charter school; and (2) provided adequate and timely notice to that authority under section 5203(d)(3) of the ESEA (20 U.S.C. 7221b(d)(3)).

In accordance with section 5203(d)(3) of the ESEA, an applicant for a pre-charter planning grant may include, in section V of its application, a request for a waiver from the Secretary of the requirement that the eligible applicant provide its authorized public chartering authority timely notice, and a copy, of its application for CSP funds (20 U.S.C.

7221b(d)(3)). Note: Section 5210(2) of the ESEA (20 U.S.C. 7221i(2)) defines "developer" as an individual or group of individuals (including a public or private nonprofit organization), which may include teachers, administrators and other school staff, parents, or other members of the local community in which a charter school project will be carried out. Additionally, the charter school must be located in a State with a State statute specifically authorizing the establishment of charter schools and in which the SEA does not have an application approved under the CSP. (b)

Dissemination grants (CFDA number 84.282C): Charter schools, as defined in section 5210(1) of the ESEA (20 U.S.C. 7221i(1)), that have been in operation for at least three consecutive years and have demonstrated overall success, including-- (1) Substantial progress

in improving student academic achievement; (2) High levels of parent satisfaction; and (3) The management and leadership necessary to overcome initial start-up problems and establish a thriving, financially viable charter school.

Note: Consistent with section 5204(f)(6) of the ESEA (20 U.S.C. 7221c(f)(6)), a charter school may apply for funds to carry out dissemination activities, whether or not the charter school previously applied for or received funds under the CSP for planning, program design, or implementation. Note: These competitions (CFDA numbers 84.282B and 84.282C) are limited to eligible applicants in States in which the SEA does not have an approved application under the CSP (or will not have an approved application as of October 1, 2014). The following States currently have approved applications under the CSP: Arizona, Arkansas, California, Colorado, District of Columbia, Florida, Georgia, Indiana, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, Rhode Island, South Carolina, Tennessee, Texas, and Wisconsin. Eligible applicants, including charter schools, located in States with currently approved CSP applications that are interested in participating in the CSP should contact the SEA for information related to the State's CSP subgrant competition. Further information is available at <http://www2.ed.gov/about/offices/list/oii/csp/funding.html>.

Agency Name:
Description:

Department of Education
Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific

information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at:

<http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information.

Purpose of Program: The purpose of the CSP is to increase national understanding of the charter school model by expanding the number of high-quality charter schools available to students across the Nation; providing financial assistance for the planning, program design, and initial implementation of charter schools; and evaluating the effects of charter schools, including their effects on students, student academic achievement, staff, and parents. This notice invites applications from non-SEA eligible applicants for two types of grants: (1) Planning, Program Design, and Initial Implementation (CFDA 84.282B); and (2) Dissemination (CFDA 84.282C). Each type of grant has its own eligibility requirements and selection criteria. Information pertaining to each type of grant is provided in subsequent sections of this notice. Non-SEA eligible applicants are those that are qualified to participate based on requirements set forth in this notice. Non-SEA eligible applicants must be from States in which the SEA does not have an approved application under

the CSP. States with approved CSP applications are Arizona, Arkansas, California, Colorado, District of Columbia, Florida, Georgia, Indiana, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, Rhode Island, South Carolina, Tennessee, Texas, and Wisconsin. Non-SEA eligible applicants that propose to use grant funds for planning, program design, and initial implementation of charter schools must apply under CFDA number 84.282B. Non-SEA eligible applicants that request funds for dissemination activities must apply under CFDA number 84.282C. Catalog of Federal Domestic Assistance (CFDA) Numbers: 84.282B and 84.282C. Applications for grants under the CSP, CFDA Numbers 84.282B and 84.282C, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant application for the CSP at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.282, not 84.282B or 282C).

Non-domestic (non-U.S.) components of U.S. Organizations are eligible to apply. Foreign components, as defined in the NIH Grants Policy Statement, are allowed.

National Institutes of Health
This Funding Opportunity Announcement (FOA) aims to stimulate the broader research community to utilize a resource funded through the American Recovery and Reinvestment Act of 2009 (Recovery Act) to generate and evaluate hypotheses about the complex interrelationships and multi-directional influences among genetics, brain maturation, neurocognitive function, and psychiatric symptoms during development. This FOA is a strategic effort to disseminate this data resource, stimulate the broader research community to use the resource, and accelerate research on neurodevelopment and trajectories of risk for mental illness. Secondary goals of this initiative are to foster collaborations among researchers from diverse fields of expertise, enhance diversity of research questions and analytic approaches, advance methods for integration across data modalities and levels of analyses (i.e., imaging, genomics, behavior), and encourage inclusion of early stage investigators among these collaborations.

What is Sequestration?

Sequestration, sometimes called the sequester, is a process that automatically cuts the federal budget across most departments and agencies.

Congress included the threat of sequestration in the [Budget Control Act of 2011](#) as a way to encourage compromise on deficit reduction efforts.

Congress couldn't agree on a budget by the deadline set in the Budget Control Act, so mandatory budget cuts were scheduled to go into effect on January 2, 2013.

Congress stopped the cuts from happening by passing the [American Taxpayer Relief Act](#) on January 2. This law pushed the budget cuts back until March 1, 2013.

Since Congress did not agree on a budget to reduce the deficit by March 1, sequestration has begun and \$85 billion in spending cuts are currently going into effect.

These reports give detailed information about the amount that programs may be cut and which programs are exempt from sequestration:

- [White House Office of Management and Budget Sequestration Reports to the President and Congress](#)
- [Congressional Budget Office Report on Estimated Impact of Automatic Budget Enforcement Procedures Specified in the Budget Control Act](#)
- [Congressional Research Service Report on Budget “Sequestration” and Selected Program Exemptions and Special Rules”](#) (PDF)

Please review each department's General Grant and Funding Overview. These overviews are the key web pages on each departmental website dedicated to the agency's funding opportunities. Check back often to note the department updates and use these sources to assist you in your planning.

Federal Grant and Cooperative Agreement Program Summaries

U.S. Department of Agriculture

Grants and Loans Overview

http://usda.gov/wps/portal/usda/usdahome?navid=GRANTS_LOANS

USDA posts rural funding guide for local governments

The U.S. Department of Agriculture (USDA) recently posted a useful guide outlining federal funding programs available to support rural communities.

[Federal Resources for Sustainable Rural Communities](#) (PDF 44p 6MB) is a guide to programs from the Partnership for Sustainable Communities and the U.S. Department of Agriculture (USDA) that rural communities can use to promote economic competitiveness, protect healthy environments, and enhance quality of life. It is a collaborative effort among USDA, the Department of Housing and Urban Development, the Department of Transportation and the Environmental

Protection Agency.

The guide has key information on funding and technical assistance opportunities available from the four agencies, as well as examples of how rural communities across the country have benefitted from federal resources. [The resource guide can be accessed here.](#)

Tools and Key Resources

One of the goals of the Partnership for Sustainable Communities is to help communities develop and support neighborhoods that provide transportation choices and affordable housing while increasing economic competitiveness and directing resources toward places with existing infrastructure.

To help support these communities, the Partnership agencies compiled this list of useful tools and key resources. All of the resources here have been developed by or sponsored by Partnership agencies. Click on the categories in the sidebar on the right to access these materials.

Rural Communities

Federal Resources for Sustainable Rural Communities (PDF 44p 6MB) is a guide to programs from the Partnership for Sustainable Communities and the U.S. Department of Agriculture (USDA) that rural communities can use to promote economic competitiveness, protect healthy environments, and enhance quality of life.

Supporting Sustainable Rural Communities (PDF 52p 3MB)

Produced by the Partnership for Sustainable Communities and USDA, this report features case studies showcasing rural accomplishments, sample funding and technical assistance opportunities, and performance measures rural communities can use to assess their progress.

Putting Smart Growth to Work in Rural Communities

Focuses on smart growth strategies that can help guide growth in rural areas while protecting natural and working lands and preserving the rural character of existing communities.

US Department of Agriculture Rural Development Program

Provides resources, tools, and programs to assist communities with improving the economy and quality of life in rural America.

US Department of Agriculture Atlas of Rural and Small Town America

An interactive data tool to view statistics on people, jobs, and agriculture in your community.

USDA Programs and Services

Grants and Loans

[Visit the Federal Trade Commission's Identify Theft Website](#)

This FTC website to help you deter, detect, and defend against identity theft. You can learn how to avoid theft, or learn what to do if your identity is stolen.

[Farm Loans](#)

FSA makes direct and guaranteed farm ownership and operating loans to family-size farmers and ranchers who cannot obtain commercial credit from a bank, Farm Credit System institution, or other lender. FSA loans can be used to purchase land, livestock, equipment, feed, seed, and supplies. Loans can also be used to construct buildings or make farm improvements.

[Housing Assistance](#)

USDA provides homeownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary. USDA Multi-Family Housing Programs offer Rural Rental Housing Loans to provide affordable multi-family rental housing for very low-, low-, and moderate-income families; the elderly; and persons with disabilities. In addition, rental assistance is available to eligible families.

[Rural Development Loan Assistance](#)

USDA Rural Development forges partnerships with rural communities, funding projects that bring housing, community facilities, business guarantees, utilities and other services to rural America. USDA provides technical assistance and financial backing for rural businesses and cooperatives to create quality jobs in rural areas. Rural Development promotes the President's National Energy Policy and ultimately the nation's energy security by engaging the entrepreneurial spirit of rural America in the development of renewable energy and energy efficiency improvements. Rural Development works with low-income individuals, State, local and Indian tribal governments, as well as private and nonprofit organizations and user-owned cooperatives.

Utility Services

USDA supports deployment of reliable and affordable water, waste treatment, electric power and telecommunications services, including broadband, to help rural areas expand economic opportunities and improve the quality of life for rural residents. Rural Development provides funding opportunities in the form of payments, grants, loans, and loan guarantees, for the development and commercialization of vital utility services. These programs revitalize rural communities with a variety of improvements, and create sustainable opportunities for wealth, new jobs, and increased economic activity in rural America.

Crop and Livestock Insurance

USDA helps producers manage their business risks. The mission of USDA's Risk Management Agency (RMA) is to promote, support, and regulate sound risk management solutions to preserve and strengthen the economic stability of America's agricultural producers. As part of this mission, RMA operates and manages the Federal Crop Insurance Corporation (FCIC).

RMA has three divisions: Insurance Services, Product Management, and Risk Compliance. Seventeen private-sector insurance companies sell and service the policies. RMA develops and/or approves the premium rate, administers premium and expense subsidies, approves and supports products, and reinsures the companies. RMA also sponsors educational and outreach programs and seminars on the general topic of risk.

Federal State Marketing Improvement Program

This matching grant program, also known as FSMIP, provides matching funds to State Departments of Agriculture and other appropriate State agencies to assist in exploring new market opportunities for food and agricultural products, and to encourage research and innovation aimed at improving the efficiency and performance of the marketing system.

Specialty Crop Block Grant Program

The SCBGP funds can be requested to enhance the competitiveness of specialty crops. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, and nursery crops (including floriculture).

The Farmers Market Promotion Program

The FMPP was created through a recent amendment of the Farmer-to-Consumer Direct Marketing Act of 1976. The grants, authorized by the FMPP, are targeted to help improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities.

Organic Cost Share Program

AMS administers two organic certification cost share programs. Each program provides cost share assistance, through participating States, to organic producers and/or organic handlers. Recipients must receive initial certification or continuation of certification from a USDA accredited certifying agent (ACA).

Agency Name:
Description:

association, partnership (including a limited liability partnership), cooperative, or trust. Applicant must be located in the United States, a U.S. Territory or other area authorized by law to participate in programs of the Rural Utilities Service or under the Rural Electrification Act.

Utilities Programs

The Rural Utilities Service (RUS), an agency of the United States Department of Agriculture (USDA), announces the availability of up to \$7 million in Fiscal Year 2014 for competitive grants to assist communities with extremely high energy costs. The grant funds may be used to acquire, construct, or improve energy generation, transmission, or distribution facilities serving communities with average annual residential expenditure for home energy exceeding 275 percent of the national average. On-grid and off-grid renewable energy projects and implementation of energy efficiency, and energy conservation projects are also eligible. Grant funds may not be used for the preparation of the grant application, or for: payment of utility bills, fuel purchases, routine maintenance or other routine operating costs, or for the purchase of any equipment, structures, or real estate not directly associated with provision of community energy services. This notice describes the eligibility and application requirements, the criteria that will be used by RUS to award funding, and information on how to obtain application materials.

National Institute of Food and Agriculture

Small Business Innovation Research Program - Phase I Grant

Document Type:	Grants Notice
Funding Opportunity Number:	USDA-NIFA-SBIR-004553
Funding Opportunity Title:	Small Business Innovation Research Program - Phase I
Opportunity Category:	Discretionary
Funding Instrument Type:	Grant
Category of Funding Activity:	Agriculture
Category Explanation:	
Expected Number of Awards:	
CFDA Number(s):	10.212 -- Small Business Innovation Research
Cost Sharing or Matching Requirement:	No
Posted Date:	Jun 20, 2014
Creation Date:	Jun 20, 2014
Original Closing Date for Applications:	Oct 2, 2014
Current Closing Date for Applications:	Oct 2, 2014
Archive Date:	Nov 1, 2014
Estimated Total Program Funding:	\$18,300,000
Award Ceiling:	\$100,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Each applicant submitting an application must qualify as a small business concern for R/R&D purposes at the time of award (see definitions in section 2.0). A potential grantee that is a subsidiary must show that the parent company is also a small business entity and the parent company must provide documentation supporting their small business status (the documentation should be included in Field 12, Other Attachments, of the Research and Related (R&R) Other

Project Information form). If the parent company is not a small business entity, then the subsidiary is not eligible to submit an SBIR application. In addition, the primary employment of the Project Director (PD) must be with the small business concern at the time of award and during the conduct of the proposed research, unless otherwise approved in writing by NIFA. Eligible primary employment means that more than one-half of the PD's time is spent in the employ of the small business. Primary employment with the small business precludes the applicant as a full-time employee with another organization. This requirement applies to Phase I awards and any deviations from this requirement must be approved in writing by the USDA Authorized Departmental Officer (ADO) after consultation with the appropriate National Program Leader (NPL). While the PD must work more than one-half of his/her time for the small business during the entire grant period, there is no time requirement for the PD's work on the proposed research.

Agency Name:

National Institute of Food and Agriculture

Description:

Funds may be awarded up to \$100,000 for a Phase I project. Proposed Phase I projects should prove the scientific or technical feasibility of the approach or concept. Projects dealing with agriculturally related manufacturing and alternative and renewable energy technologies are encouraged across all SBIR topic areas. USDA SBIR's flexible research areas ensure innovative projects consistent with USDA's vision of a healthy and productive nation in harmony with the land, air, and water. USDA SBIR

Program has awarded over 2000 research and development projects since 1983, allowing hundreds of small businesses to explore their technological potential, and providing an incentive to profit from the commercialization of innovative ideas.

Award Ceiling:	\$20,000,000
Eligible Applicants:	County governments Others (see text field entitled "Additional Information on Eligibility" for clarification) Special district governments State governments City or township governments Native American tribal governments (Federally recognized) Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Public and State controlled institutions of higher education Private institutions of higher education
Additional Information on Eligibility:	OTHER: See Section III.A. Partner Eligibility for additional eligible applicants not listed above.
Agency Name:	Natural Resources Conservation Service
Description:	EXECUTIVE SUMMARY: NRCS is the Department of Agriculture's (USDA) conservation agency working with farmers, ranchers, and private forest landowners nationwide to identify and address natural resource objectives and implement conservation practices and activities to deliver environmental benefits locally, regionally, and nationally. Through the new Farm Bill, NRCS has been given the authority to enhance regional cooperation to more effectively implement and maintain conservation activities, thereby promoting the restoration and sustainable use of soil, water, wildlife, and related natural resources on regional or watershed scales. Through the Regional

Conservation Partnership Program (RCPP), NRCS will co-invest in mobilizing creative and workable solutions to agricultural production and resource management challenges. These solutions will benefit not only individual farming, ranching, and forest operations, but also local economies and the communities and resource users in a watershed or other geographic area that depend on the quality of the natural resources. Through RCPP, NRCS will increase the opportunity for partners to bring innovative ideas and resources to accelerate conservation on private lands. RCPP partners will have the opportunity to join in this mission by developing project applications, as described in this notice, to address specific natural resource objectives in a proposed area or region. Partners will commit to activities to promote, implement, and evaluate the outcomes of conservation. RCPP combines the authorities of four former conservation programs – the Agricultural Water Enhancement Program, Chesapeake Bay Watershed Program, Cooperative Conservation Partnership Initiative (CCPI), and Great Lakes Basin Program. Assistance is delivered in accordance with the rules of the Environmental Quality Incentives Program (EQIP), Conservation Stewardship Program (CSP), Agricultural Conservation Easement Program (ACEP), and Healthy Forests Reserve Program (HFRP), and in certain areas, the Watershed Operations and Flood Prevention Program. The purpose of this notice is to announce the availability of nearly \$400 million in CCC funding for RCPP and to solicit applications

from potential partners who seek to enter into partnership agreements with NRCS under RCPP. Partners will work with producers and landowners to promote the restoration and sustainable use of natural resources on regional or watershed scales. Applications will be accepted from all 50 States, the Caribbean Area (Puerto Rico and U.S. Virgin Islands), and U.S. territories in the Pacific Island Areas (Guam, American Samoa, Republic of Palau, Federated States of Micronesia, Republic of Marshall Islands, and the Commonwealth of the Northern Mariana Islands).

Agency Name:	National Institute of Food and Agriculture
Description:	NIFA initiates a new challenge area to address critical water resources issues such as drought, excess soil moisture, flooding, quality and others in an agricultural context. Funding will be used to develop management practices, technologies, and tools for farmers, ranchers, forest owners and managers, public decision makers, public and private managers, and citizens to improve water resource quantity and quality. NIFA's

approach will link social, economic, and behavioral sciences with traditional biophysical sciences and engineering to address regional-scale issues with shared hydrological processes and meteorological and basin characteristics.

Contracting Opportunities with Commerce

- **Gold Key Matching Services:** Arranges one-on-one appointments with carefully selected potential business partners in a targeted export market. The Gold Key Matching Services offer:
 - Customized market and industry briefings with our trade specialists
 - Timely and relevant market research
 - Appointments with prospective trade partners in key industry sectors
 - Post-meeting debriefing with our trade specialists and assistance in developing appropriate follow-up strategies
 - Help with travel, accommodations, interpreter service, and clerical support
- **Planned Acquisitions:** the Department of Commerce's search tool for our planned acquisitions over \$100,000. As requirements change, these acquisition plans are updated by department personnel and this search tool is automatically updated.

Hot Items

- **How to sell to the U.S. Department of Commerce** - publication designed to answer questions concerning doing business with the Federal Government--specifically, with the Department of Commerce.
- **"Pro-Net"** - an electronic gateway of procurement information -- for and about small businesses. It is a search engine for contracting officers, a marketing tool for small firms and a "link" to procurement opportunities and important information. It is designed to be a "virtual" one-stop-procurement-shop.
- **Subcontracting Directory** - published to assist all small business, including small firms owned by women and minorities, with their marketing efforts in obtaining suitable subcontracting opportunities and presenting their capabilities to Commerce prime contractor.
- **Government Contracting** - programs to assist small businesses.

Programs:

John H. Prescott Marine Mammal Rescue Assistance Grant Program (Prescott Grant Program)
for Fiscal Year 2015 Grant

Document Type:

Grants Notice

Funding Opportunity Number:

NOAA-NMFS-PRPO-2015-
2004151

Funding Opportunity Title:	John H. Prescott Marine Mammal Rescue Assistance Grant Program (Prescott Grant Program) for Fiscal Year 2015
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Education Environment Science and Technology and other Research and Development
Category Explanation:	
Expected Number of Awards:	
CFDA Number(s):	11.439 -- Marine Mammal Data Program
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Jul 2, 2014
Creation Date:	Jul 2, 2014
Original Closing Date for Applications:	Oct 8, 2014
Current Closing Date for Applications:	Oct 8, 2014
Archive Date:	Nov 7, 2014
Estimated Total Program Funding:	
Award Ceiling:	\$100,000
Award Floor:	\$0
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	All eligible applicants must currently be an active, authorized participant or researcher in the National Marine Mammal Stranding Network. Eligible applicants must be: 1) Stranding Agreement (SA) holders or their designee organizations; or 2) holders of researcher authorization letters issued by a NMFS Regional Administrator and/or an MMPA and/or ESA scientific research or enhancement permit (when applicable); or 3) an eligible Federal, state, or local government personnel or tribal personnel (pursuant to Section 109(h) of the MMPA (16 U.S.C. 1379(h)); or 4) diagnostic laboratories performing services for the stranding network. Federal agencies in the DOC or Department of the Interior (DOI) are not eligible

to receive Federal assistance under this notice. *Please review the entire Eligibility Section for more information.

Agency Name:

Department of Commerce

Description:

NOAA NMFS' Marine Mammal Health and Stranding Response Program is directed under the Marine Mammal Protection Act (MMPA) to facilitate the collection and dissemination of reference data on stranded marine mammals and health trends of marine mammal populations in the wild. The John H. Prescott Marine Mammal Rescue Assistance Grant Program is administered by NOAA to provide Federal assistance to eligible members of the National Marine Mammal Stranding Network to: 1) support basic needs of organizations for response, treatment, and data collection from living and dead stranded marine mammals, 2) fund scientific research objectives designed to answer questions about marine mammal strandings, health, or rehabilitation techniques utilizing data from living and dead stranded marine mammals, and 3) support facility operations directly related to the recovery, treatment, and data collection from living and dead stranded marine mammals. This document describes how to submit proposals for funding in fiscal year (FY) 2015 and how NMFS will determine which proposals will be funded. This document should be read in its entirety, as some information has changed from the previous year.

Award Floor:	\$100,000
Eligible Applicants:	City or township governments Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education Public and State controlled institutions of higher education Individuals Native American tribal governments (Federally recognized) State governments County governments Native American tribal organizations

Agency Name:

Description:

(other than Federally recognized tribal governments)

Private institutions of higher education

Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education

Department of Commerce

The Marine Fisheries Initiative (MARFIN) is a competitive Federal assistance program that funds projects seeking to optimize research and development benefits from U.S. marine fishery resources through cooperative efforts involving the best research and management talents to accomplish priority activities. Projects funded under MARFIN provide answers for fishery needs covered by the NMFS Strategic Plan, available from National Marine Fisheries Service (NMFS), particularly those goals relating to: rebuilding over-fished marine fisheries, maintaining currently productive fisheries, and integrating conservation of protected species and fisheries management. Funding priorities for MARFIN are formulated from recommendations received from non-scientific and technical experts and from NMFS research and operations officials. With the long-term planning capabilities available through the Southeast Data Assessment and Review (SEDAR) process, the priorities are selected to coordinate assessment needs with this solicitation. There is no preference between short-term and long-term projects.

Cooperative Research Program (CRP) Grant

Document Type:	Grants Notice
Funding Opportunity Number:	NOAA-NMFS-SE-2015-2004136
Funding Opportunity Title:	Cooperative Research Program (CRP)
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Environment Science and Technology and other Research and Development
Category Explanation:	
Expected Number of Awards:	8
CFDA Number(s):	11.454 -- Unallied Management Projects
Cost Sharing or Matching Requirement:	No
Posted Date:	Jun 22, 2014
Creation Date:	Jun 22, 2014
Original Closing Date for Applications:	Sep 2, 2014
Current Closing Date for Applications:	Sep 2, 2014
Archive Date:	Oct 2, 2014
Estimated Total Program Funding:	\$2,000,000
Award Ceiling:	\$300,000
Award Floor:	\$25,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Eligible applicants may be institutions of higher education, nonprofits, commercial organizations, individuals, and state, local, and Indian tribal governments. Federal agencies or institutions are not eligible. Foreign governments, organizations under the jurisdiction of foreign governments, and international organizations are excluded for purposes of this solicitation since the objective of the CRP is to optimize research and development benefits from U.S.

marine fishery resources. Applicants who are not commercial or recreational fisherman must have commercial or recreational fishermen participating in their project. There must be a written agreement with a fisherman describing the involvement in the project activity and the estimated dollar amount to be provided to that fisherman in compensation for his involvement.

Agency Name:

Department of Commerce

Description:

The Cooperative Research Program (CRP) provides opportunity to compete for financial assistance for projects which seek to increase and improve the working relationship between fisheries researchers from the NMFS, state fishery agencies, universities, and the U.S. fishing industry (recreational and commercial) in the Gulf of Mexico (FL, AL, MS, LA, TX), South Atlantic (FL, NC, SC, GA) and Caribbean (USVI and Puerto Rico). The program is a means of involving commercial and recreational fishermen in the collection of fundamental fisheries information in support of management and regulatory options. This program addresses NOAA's mission goal to "Protect, Restore, and Manage the Use of Coastal and Ocean Resources through an Ecosystem Approach to Management."

Business-to-Business Network Pilots Grant**

Document Type: Grants Notice
Funding Opportunity Number: 2014-NIST-MEP-B2BN-01
Funding Opportunity Title: Business-to-Business Network Pilots
Opportunity Category: Discretionary
Funding Instrument Type: Cooperative Agreement
Category of Funding Activity: Science and Technology and other Research and Development

Category Explanation:

Expected Number of Awards:

CFDA Number(s): 11.611 -- Manufacturing Extension Partnership

Cost Sharing or Matching Requirement: No

Posted Date: Jun 20, 2014

Creation Date: Jun 20, 2014

Original Closing Date for Applications: Aug 4, 2014

Current Closing Date for Applications: Aug 4, 2014

Archive Date: Sep 3, 2014

Eligible Applicants: Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility: Eligible applicants are existing Hollings Manufacturing Extension Partnership (MEP) Centers. Applicants are strongly encouraged to form teaming arrangements involving multiple MEP Centers and service providers such that multiple Centers share appropriate infrastructure (hardware, software, expertise, knowledge and/or services as examples) to address scouting needs on a regional level. An eligible organization may work individually or include proposed subawardees and/or contractors or other collaborators in a project proposal, effectively forming a team or consortium.

Agency Name: National Institute of Standards and Technology

Description: NIST invites proposals from eligible applicants to deploy and maintain one or more Business-to-Business

Network (B2B Network) pilot projects. The B2B Network pilots shall have the human and information infrastructure needed to conduct real-time business opportunity scouting, technology scouting, supplier scouting and market scouting including the active content management and human interactions needed to establish and maintain data quality, identify opportunities and make matches on behalf of companies.

Other

Funding Instrument Type:

Cooperative Agreement
Grant

Category of Funding Activity:

Environment
Science and Technology and other
Research and Development

Category Explanation:

Expected Number of Awards:

CFDA Number(s):

11.469 -- Congressionally Identified

Cost Sharing or Matching Requirement:	Awards and Projects No
Posted Date:	Dec 9, 2013
Creation Date:	Mar 25, 2014
Original Closing Date for Applications:	Sep 30, 2015
Current Closing Date for Applications:	Sep 30, 2015
Archive Date:	Oct 30, 2015
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Eligible applicants may be institutions of higher education, nonprofits, commercial organizations, international or foreign organizations or governments, individuals, state, local and Indian Tribal governments. Eligibility also depends on the statutory authority that permits NOAA to fund the proposed activity. Refer to the CFDA in order to determine an applicant's eligibility. If the applicant is a university that has a NOAA Joint or Cooperative Institute (CI), the institution is encouraged to submit an application that will be associated with the CI. The application must specify the name of the CI, its most recent award number, and the NOAA-approved research theme applicable to the work to be performed in the project narrative. The application will use the facilities and administrative rate (F&A or Indirect Cost Rate) associated with most recent CI award.
Agency Name:	Department of Commerce
Description:	The purpose of this notice is to request applications for special projects and programs associated with NOAA's strategic plan and mission goals, as well as to provide the general public with information and guidelines on how NOAA will select proposals and administer discretionary Federal assistance under this Broad Agency Announcement (BAA). This BAA is a mechanism to

encourage research, education and outreach, innovative projects, or sponsorships that are not addressed through our competitive discretionary programs. It is not a mechanism for awarding congressionally directed funds or existing funded awards. Funding for potential projects in this notice is contingent upon the availability of Fiscal Year 2014 and Fiscal Year 2015 appropriations. Applicants are hereby given notice that funds have not yet been appropriated for any potential activities in this notice. Publication of this announcement does not oblige NOAA to review an application, or to award any specific project, or to obligate any available funds.

**Economic Development Administration
FY 2014 Economic Development Assistance Programs
And Modification 1**

Document Type:	Grants Notice
Funding Opportunity Number:	EDAP2014
Funding Opportunity Title:	FY 2014 Economic Development Assistance Programs
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement Grant
Category of Funding Activity:	Other (see text field entitled "Explanation of Other Category of Funding Activity" for clarification) Regional Development
Category Explanation:	The Economic Development Administration's (EDA's) mission is to lead the Federal economic development agenda by promoting innovation and competitiveness, preparing American regions for

economic growth and success in the worldwide economy. EDA fulfills this mission through strategic investments and partnerships that create the regional economic ecosystems required to foster globally competitive regions throughout the United States. EDA supports development in economically distressed areas of the United States by fostering job creation and attracting private investment. Specifically, under the Economic Development Assistance programs (EDAP) Federal Funding Opportunity (FFO) announcement, EDA will make construction, non-construction, and revolving loan fund investments under the Public Works and Economic Adjustment Assistance Programs. Grants made under these programs will leverage regional assets to support the implementation of regional economic development strategies designed to create jobs, leverage private capital, encourage economic development, and strengthen America's ability to compete in the global marketplace. Through the EDAP FFO, EDA solicits applications from rural and urban communities to develop initiatives that advance new ideas and creative approaches to address rapidly evolving economic conditions.

Expected Number of Awards:
CFDA Number(s):

11.300 -- Investments for Public Works and Economic Development Facilities
11.307 -- Economic Adjustment Assistance
Yes

Original Closing Date for Applications:

Nov 25, 2013
Nov 26, 2013
The deadlines for the remaining funding cycles of FY 2014 and the first funding cycle of FY 2015 are listed below. The first funding cycle of FY 2014 is covered under EDA's FY 2013 Economic Development Assistance programs (EDAP) FFO dated November 26, 2012. EDA strongly encourages electronic submissions of applications through www.grants.gov (Grants.gov). To be considered during a particular funding cycle, completed applications must be validated and time-stamped by Grants.gov by 11:59 p.m. Eastern Time on the applicable funding cycle deadline. Alternatively, paper applications may be delivered to the applicable regional office listed in

Current Closing Date for Applications:

section VIII. of this FFO. Paper applications must be received no later than 5:00 p.m. local time in the applicable regional office on the funding cycle deadline and the applicant must use a delivery confirmation service from their selected carrier. If your application is received after the deadline, it will be considered late and will not be reviewed by EDA for that funding cycle. EDA will not accept facsimile or email transmissions of applications. The next four funding cycle deadlines are: December 13, 2012 for funding cycle 2 of FY 2014; March 14, 2014 for funding cycle 3 of FY 2014; June 13, 2014 for funding cycle 4 of FY 2014; and October 17, 2015 for funding cycle 1 of FY 2014. Please see section IV.C. of this FFO for more information on application deadlines under this announcement

Additional Information on Eligibility:

Pursuant to section 3 of the Public Works and Economic Development Act of 1965 (42 U.S.C. § 3122) (PWEDA) and EDA's regulation at 13 C.F.R. § 300.3, the following types of entities are eligible to receive funding assistance from EDA: 1. District Organizations (as defined in 13 C.F.R. § 300.3); 2. Indian Tribes or a consortium of Indian Tribes; 3. States, cities, or other political subdivisions of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions; 4. Institutions of higher education or a consortium of institutions of higher education; or 5. Public or

private non-profit organizations or associations acting in cooperation with officials of a political subdivision of a State.

Agency Name

Economic Development Administration

Description

Pursuant to PWEDA, EDA announces general policies and application procedures for grant-based investments under the Planning and Local Technical Assistance programs. Under the Planning program EDA assists eligible recipients in creating regional economic development plans designed to stimulate and guide the economic development efforts of a community or region. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. In general, EDA provides Partnership Planning grants to the designated planning organization (e.g., District Organization) serving EDA-designated Economic Development Districts to enable these organizations to develop and implement relevant CEDS. In addition, EDA provides Partnership Planning grants to Indian Tribes to help develop and implement CEDS and associated economic development activities. The Planning program also helps support planning organizations, including District Organizations, Indian Tribes, and other eligible Recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of higher-skill, higher-wage jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility analyses and impact studies.

Such requests may be referred to State or local agencies, or to non-profit economic development organizations serving the region in which the project will be located.

Agency Name

Economic Development Administration

Description

EDA provides strategic investments that foster job creation and attract private investment to support development in economically distressed areas of the United States. Under this FFO, EDA solicits applications from both rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and Economic Adjustment Assistance programs. Grants made under these programs are designed to leverage existing regional assets to support the implementation of economic

development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities.

Corporation for National and Community Service

[General Program Overview](#)

AmeriCorps provides resources, both human and financial, to organizations that engage Americans in intensive service to meet our country's critical needs.

Grantees use the funding to support AmeriCorps members for intensive service in their community. AmeriCorps grants partially cover the expense of operating an AmeriCorps program and do not cover general organizational expenses. A cash and in-kind match is required.

The main website can be accessed here: <http://www.nationalservice.gov>

The screenshot shows the homepage of the Corporation for National & Community Service. The header includes the organization's name and logo, a search bar, and three main navigation buttons: 'SERVE your community', 'BUILD your capacity', and 'IMPACT on our nation'. Below the header is a dark blue navigation bar with links to 'About CNCS', 'Newsroom', 'Programs', 'Focus Areas', 'Special Initiatives', and 'National Service Blog'. Social media icons for Facebook, Twitter, YouTube, and Email are also present. The main content area is titled 'Home » Build Your Capacity » Grants'. On the left, there is a sidebar under the heading 'Build Your Capacity' with a 'Grants' subheading. It lists 'Funding Opportunities' and 'Previous Funding Opportunities', followed by a list of links: 'RSVP Focus Area Technical Assistance', 'Managing AmeriCorps Grants', 'Managing Senior Corps Grants', 'eGrants', 'Criminal Background Check Requirements', 'Learning and Best Practices', 'New to National Service', and 'FAQs'. The main content area features a large heading 'Funding Opportunities' and a paragraph stating: 'The Corporation of National and Community Service provides grants to national and local nonprofits, schools, government agencies, faith-based and community organizations, and other groups committed to strengthening their communities through volunteering. Our funding opportunities vary by program.' Below this, it says: 'To review archived program grants, please visit the [Notices of Funding Availability / Notice of Funding Opportunities archive page](#).' A section titled 'Current Funding Opportunities' is dated 'Jan 22, 2014' and mentions 'AmeriCorps State and National Grants FY 2014 (DRAFT)'. A link 'See Previous Funding Opportunities' is provided. On the right, there is a box titled 'National Service In Your State' with the text 'See the impact service has throughout our nation.' and a map of the United States. A 'Read More' button is at the bottom of this box.

National Service In Hawaii

Meeting Community Needs in Hawaii: More than **3,500** people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Hawaii. Serving at more than **490** locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage

volunteers. This year, the Corporation for National and Community Service (CNCS) will commit more than **\$5,460,000** to support Hawaii communities through national service initiatives. Through a unique public-private partnership, this federal investment will leverage an additional **\$2,610,000** in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps

This year, AmeriCorps will provide more than **510** individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Hawaii. Most AmeriCorps grant funding goes to the **Hawaii Commission on National & Community Service**, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than **4,900 Hawaii** residents have served more than **5.1 million** hours and have qualified for Segal AmeriCorps Education Awards totaling more than **\$11,250,000**.

[Download: AmeriCorps in Hawaii \(PDF\)](#)

Senior Corps

More than **3,000** seniors in Hawaii contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than **480** young people who have special needs. Senior Companions help more than **250** homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than **290** groups across Hawaii.

[Download: Senior Corps in Hawaii \(PDF\)](#)

communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Justice AmeriCorps Grant

State Commission and not directly to CNCS unless otherwise instructed by the State Commission. Multi-State applicants: If your organization proposes to operate a program in more than one state, you are eligible to apply for a national grant. You will apply directly to the Corporation.

Corporation for National and Community Service

This Notice of Federal Funding Opportunity (Notice) will support a program jointly sponsored by the Department of Justice's Executive Office of Immigration Review (EOIR) and the Corporation for National and Community Service (CNCS) to improve the efficient and effective adjudication of immigration court proceedings involving unaccompanied children. The purpose of this program is to use the AmeriCorps service model to improve the efficient and effective adjudication of immigration court proceedings involving unaccompanied children. Grants awarded in response to this Notice will enable grantees to enroll lawyers and paralegals to serve as AmeriCorps members ("AmeriCorps members" or "members") providing legal services to this vulnerable population. Specifically, the program is intended to provide legal services to children under the age of 16 who: (1) are not in the custody of the Office of Refugee Resettlement (ORR) or the Department of Homeland Security; (2) have received a Notice to Appear in removal proceedings before EOIR; and, (3) have not had their cases consolidated with removal proceedings against a parent or legal guardian (Unaccompanied Children

or Unaccompanied Child). The legal representation shall be limited to immigration or custody proceedings before EOIR Immigration Courts; appellate proceedings before the Board of Immigration Appeals; proceedings before United States Citizenship and Immigration Services (USCIS), including applications for asylum, Special Immigrant Juvenile (SIJ) status, and/or T or U nonimmigrant status; and state court proceedings seeking orders necessary to support applications for SIJ status (Immigration Proceedings). Immigration Proceedings shall not include any claims, litigation, or other proceedings before federal district courts, courts of appeals, or the Supreme Court. Proposed programs must provide legal services to Unaccompanied Children in Immigration Proceedings to increase the effective and efficient adjudication of immigration court cases involving those children. In addition, programs should facilitate the identification of Unaccompanied Children who have been victims of human trafficking or abuse and decrease the risk that those children may be trafficked upon return to their country of nationality or last habitual residence; screen Unaccompanied Children for abuse, trafficking, and trauma; refer suspected cases of abuse, trafficking, and trauma to appropriate law enforcement authorities and/or appropriate support services; build pro bono capacity to support the populations of unaccompanied children in the immigration court location(s) in which members will serve; and strengthen national service so that participants engaged

Agency Name:

Corporation for National and
Community Service

Description:

Established in 1971 and now one of the largest senior volunteer programs in the nation, RSVP offers a diverse range of volunteer activities that serve communities to create measurable impact, benefit volunteers through the service experience, and create community capacity. RSVP volunteers serve with commitments ranging from a few hours to 40 hours per week. [Click here for RSVP Program Regulations](#). Through this competition CNCS seeks to increase the impact of national service in 341 specific communities across the country. CNCS intends to fund RSVP grants that support volunteers 55 years and older serving in a diverse range of activities that meet specific community needs and that respond to National Performance Measures. RSVP grant applications must: • Serve the entire geographic service area associated with the funding opportunities listed in Appendix A; • Support the minimum number of volunteers listed in Appendix A; • Meet the National Performance Measure requirements and other criteria established in this Notice; and • Minimize, to the extent possible, disruptions to the current volunteers associated with any incumbent project. Please see Appendix C for more information on how new and incumbent applicants must describe how they plan to minimize the disruption of volunteers if they propose graduating volunteer stations that are included in an incumbent project.

Resources

[Procurement Technical Assistance Centers \(PTACs\)](#)

Procurement Technical Assistance Centers (PTACs), are charged with assisting businesses in learning how to do business with federal, state, and local governments. PTACs are a local resource available at no or nominal cost that can provide assistance to business firms in marketing their products and services. They offer training to businesses on how to research and bid on contracts, assist with registration requirements, provide bid-matching services, and assist with pre and post contracting issues.

FORECAST OF FUNDING OPPORTUNITIES UNDER THE DEPARTMENT OF EDUCATION DISCRETIONARY GRANT PROGRAMS FOR FISCAL YEAR (FY) 2014

(As of December 20, 2013)

This document lists virtually all programs and competitions under which the Department (we) has invited or expects to invite applications for new awards and provides actual or estimated deadline dates for the transmittal of applications under these programs. The lists are in the form of charts -- organized according to the Department's principal program offices -- and include programs and competitions we have previously announced, as well as those we plan to announce at a later date. **If you are interested in applying for any upcoming grants with the Department of Education, please take the time to register with SAM at www.SAM.gov, as you must have an active account in order to submit a grant application with our agency. We recommend you register now even as you are looking for eligible grant programs so that your SAM registration is active by the time the application is published. This will allow you to focus on writing the application during the period the application is available and you are not spending a portion of that time obtaining SAM registration. Please click [here](#) to refer to the SAM tip sheet for additional information.**

Note: This document is advisory only and is not an official application notice of the Department of Education. We expect to provide updates to this document starting in the first week of November in a fiscal year and continuing through the following July.

Note on printing: For best results, print this document in landscape orientation.

ORGANIZATION OF THIS DOCUMENT

We have assigned to each principal office a separate chart as follows:

[Chart 1 - Institute of Education Sciences.](#)

[Chart 2 - Office of English Language Acquisition.](#)

[Chart 3 - Office of Elementary and Secondary Education.](#)

[Chart 4 - Office of Innovation and Improvement.](#)

[Chart 5 - Office of Postsecondary Education](#) (Link to IFLE Chart)

[Chart 6 - Office of Special Education and Rehabilitative Services](#) (links to [NIDRR](#), [SEP](#), [RSA](#) charts).

[Chart 7 - Office of Vocational and Adult Education.](#)

[Chart 8 - Office of the Deputy Secretary - ODS.](#)

GRANT APPLICATION INFORMATION

Here's how you can tell whether we've already published an application notice for a particular program or competition in the *Federal Register* and whether the dates we list in this Forecast of Funding Opportunities are actual or estimates:

If we have published the application notice, we will list the *Federal Register* (FR) volume and page number (e.g., 65 FR 53402) after the date in column two. The other dates for that program or competition (columns four and five) are actual (as opposed to estimated) dates.

If we do not follow the date in column two with an FR citation, it means that we have yet to publish the application notice, and the dates (columns, two, four, and five) are estimates only. The actual dates will appear in the official application notice for that program or competition in the *Federal Register*.

Date of Application Notice. In column two of the charts, we lists the actual or estimated date for publication of the application notice for a given program or competition.

Grant Programs Overview at the Department of Education

To see the complete document click here: <http://www2.ed.gov/fund/grant/find/edlite-forecast.html>

The general information page for Education Grant funding is an excellent resource describing the three types of grants awarded by the Department of Education. See the screen shot of the Department of Education web page below:

The screenshot shows the ED.gov website header with the U.S. Department of Education logo, a search bar, and navigation tabs for Funding, Policy, Research, News, and About ED. The main content area is titled 'Apply for a Grant' and states that ED offers three kinds of grants: Discretionary grants, Student loans or grants, and Formula grants. The page is divided into two columns. The left column, 'Discretionary Grants Information', includes sections for 'Eligibility and Forecasts' (with links to 'Find Grant Programs by Eligibility' and 'ED grants forecast'), 'Application Information' (with links to 'Federal Register Notices', 'Open competitions', and 'Forms'), and 'Online Applications' (with links to 'Grants.gov', 'G5', and 'EDPubs'). The right column, 'Student Loans and Other Information', includes a section for 'To get a Pell grant' (with a link to 'Free Application for Federal Student Aid (FAFSA)'), a section for 'Then explore...' (with links to 'Funding your education', 'Grants and Scholarships', and 'Student Loans, Forgiveness'), and a section for 'Other grant information' (with links to 'IES funding' and 'Grants.gov'). A sidebar on the right contains 'How Do I Find...?' (with links to Student loans, Pell grants, College accreditation, Grants, No Child Left Behind, and More), 'Popular Searches' (with links to Contact, FERPA, i3, Race to the Top, and TRIO), and four large buttons for 'Teachers', 'Parents & Families', 'Preschool-12 Reform', and 'College Affordability'. At the bottom of the sidebar is a 'Get Connected' section with links to Facebook, YouTube, Twitter, and Email Updates, plus a 'More...' link.

that serves children and students within the attendance boundaries of one or more high-need LEAs; (4) A consortium of high-need LEAs; or (5) A consortium of one or more high-need LEAs and one or more NNPs that serve children and students within the attendance boundaries of one or more high-need LEAs. (b) Coordinate with school libraries in developing project proposals.

Agency Name:

Department of Education

Description:

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at:

<http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information.

Purpose of Program: The IAL program supports high-quality programs designed to develop and improve literacy skills for children and students from birth through 12th grade in high-need local educational agencies (high-need LEAs, as defined in this notice) and schools. The U.S. Department of Education (Department) intends to support innovative programs that promote early literacy for young children, motivate older children to read, and increase student achievement by

using school libraries as partners to improve literacy, distributing free books to children and their families, and offering high-quality literacy activities. Many schools and districts across the Nation do not have school libraries that deliver high-quality literacy programming to children and their families. Additionally, many schools do not have qualified library media specialists and library facilities. Where facilities do exist, they often lack adequate books and other materials and resources. In many communities, high-need children have limited access to appropriate age- and grade-level reading material in their homes. The IAL program supports the implementation of high-quality plans for childhood literacy activities and book distribution efforts that are supported by evidence of strong theory (as defined in this notice).

Catalog of Federal Domestic Assistance (CFDA) Number: 84.215G. Applications for grants under the Innovative Approaches to Literacy Program, CFDA number 84.215G, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant application for the IAL program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for

84.336 -- Teacher Quality Partnership
Grants
Yes
Jul 14, 2014 Applications Available:
May 28, 2014. Deadline for Notice of

Intent to Apply: June 27, 2014. The Department will be able to develop a more efficient process for reviewing grant applications if it has a better understanding of the number of entities that intend to apply for funding under this competition. Therefore, the Secretary strongly encourages each potential applicant to notify the Department by sending a short email message indicating the applicant's intent to submit an application for funding. The email need not include information regarding the content of the proposed application, only the applicant's intent to submit it. The Secretary requests that this email notification be sent to Christine Miller at TQPartnership@ed.gov. Applicants that fail to provide this email notification may still apply for funding. Date of Pre-Application Webinars (all times are Washington, DC time): Tuesday, June 10, 2014 at 10:00 a.m. and Thursday, June 12, 2014 at 2:00 p.m. Further information will be available at: www2.ed.gov/programs/tqpartnership/applicant.html. Deadline for Transmittal of Applications: July 14, 2014.

Aug 13, 2014

Archive Date:

Estimated Total Program Funding:

\$35,000,000

Eligible Applicants:

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

All applicants must meet the following general application requirements in order to be considered for funding. Except as specifically noted in this section, the general application requirements are from section 202 of the HEA (20 U.S.C. 1022a). Each eligible partnership desiring a grant under this program must submit an application that contains-- (a) A needs assessment of the partners in the eligible partnership with respect to the preparation, ongoing training, professional development, and retention of general education and special

education teachers, principals, and, as applicable, early childhood educators; (b) A description of the extent to which the program to be carried out with grant funds, as described in Absolute Priority 1 or Absolute Priority 2, or both, in this notice, and, if the applicant chooses to do so, a Partnership Grant for the Development of Leadership Program, as described in section 202(f) of the HEA, will prepare prospective and new teachers with strong teaching skills; (c) A description of how such program will prepare prospective and new teachers to understand and use research and data to modify and improve classroom instruction; (d) A description of-- (1) How the eligible partnership will coordinate strategies and activities assisted under the grant with other teacher preparation or professional development programs, including programs funded under the ESEA and IDEA and through the National Science Foundation; and (2) How the activities of the partnership will be consistent with State, local, and other education reform activities that promote teacher quality and student academic achievement; (e) An assessment that describes the resources available to the eligible partnership, including-- (1) The integration of funds from other related sources; (2) The intended use of the grant funds; and (3) The commitment of the resources of the partnership to the activities assisted under this program, including financial support, faculty participation, and time commitments, and to the continuation of the activities when the grant ends. (f) A description of-- (1) How the eligible partnership will meet the purposes of the TQP Grant Program as specified in section 201 of the HEA; (2) How the partnership will carry out the activities required under Absolute Priority 1 or Absolute Priority 2, or both,

Description:

as described in this notice, based on the needs identified in paragraph (a), with the goal of improving student academic achievement; (3) If the partnership chooses to use funds under the TQP Grant Program for a project or activities under section 202(f) of the HEA [Partnership Grants for the Development of Leadership Programs] or section 202(g) of the HEA [Partnership with Digital Education Content Developer], how the partnership will carry out such project or required activities based on the needs identified in the needs assessment described in paragraph (a), with the goal of improving student academic achievement;

Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at:

<http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The Teacher Quality Partnership (TQP) Grant Program aims to increase student achievement by improving the quality of new prospective teachers by enhancing the preparation of prospective teachers and the professional development activities for current teachers; holding teacher preparation programs at institutions of higher education (IHEs) accountable for preparing highly qualified teachers; and recruiting effective individuals, including

minorities and individuals from other occupations, into the teaching force.

Background: The TQP Grant Program supports partnerships among (i) IHEs, (ii) high-need local educational agencies (LEAs), and (iii) high-need schools served by such LEAs or high-need early childhood education (ECE) programs. These partnerships must implement (a) teacher preparation programs at the pre-baccalaureate or "fifth-year" level that include specific reforms in IHEs' existing teacher preparation programs; (b) teacher residency programs for individuals with strong academic or professional backgrounds but without teaching experience; or (c) both. In this competition, we are especially interested in supporting partnership programs that prepare teachers to teach subjects in science, technology, engineering, and mathematics (STEM). In his 2011 State of the Union address, the President called for a new effort to prepare 100,000 STEM teachers over the next decade with strong teaching skills and deep content knowledge. The President's goal has been incorporated into an Administration-wide priority, as part of both the Federal STEM Education 5-Year Strategic Plan \1\ released in May 2013 and as a Cross Agency Priority Goal \2\ announced earlier this year. In addition, answering the President's call to action, nearly 200 organizations have formed a coalition called 100Kin10, all committed to the goal of increasing the supply of excellent STEM teachers; hiring, developing, and retaining excellent STEM teachers; and building the 100Kin10 movement.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.336S. Applications for grants under the TQP Grant Program, CFDA number 84.336S, must be submitted electronically using the Government wide Grants.gov Apply site at www.Grants.gov. Through this site,

you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant application for the TQP Grant Program at www.Grants.gov. You must search for the downloadable application package for this program [competition] by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.336, not 84.336S).

Eligible Applicants:	County governments Special district governments For profit organizations other than small businesses Others (see text field entitled "Additional Information on Eligibility" for clarification) Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education State governments Private institutions of higher education Public and State controlled institutions of higher education City or township governments
Additional Information on Eligibility:	Eligible Applicants: Applicants that have the ability and capacity to conduct scientifically valid research are eligible to apply. Eligible applicants include, but are not limited to, nonprofit and for-profit organizations and public and private agencies and institutions, such as colleges and universities.
Agency Name:	Department of Education
Description:	Note: Each funding opportunity description is a synopsis of information in the Federal Register

application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at:

<http://www.access.gpo.gov/nara/index.html>. Please review the official

application notice for pre-application and application requirements,

application submission information, performance measures, priorities and

program contact information. The

Director of the Institute of Education

Sciences (Institute) announces the

Institute's FY 2015 competitions for

grants to support education research

and special education research. The

Director takes this action under the

Education Sciences Reform Act of

2002. The Institute's purpose in

awarding these grants is to provide

national leadership in expanding

fundamental knowledge and

understanding (1) of developmental

and school readiness outcomes for

infants and toddlers with or at risk for

disability, and (2) of education

outcomes for all students from early

childhood education through

postsecondary and adult education.

Purpose of Program: The central

purpose of the Institute's research

grant programs is to provide interested

individuals and the general public with

reliable and valid information about

education practices that support

learning and improve academic

achievement and access to education

opportunities for all students. These

interested individuals include parents,

educators, students, researchers, and

policymakers. In carrying out its grant

programs, the Institute provides

support for programs of research in areas of demonstrated national need.

Competitions in This Notice: The Institute will conduct seven research competitions in FY 2015 through two of its National Education Centers: The Institute's National Center for Education Research (NCER) will hold five competitions: One competition for education research, one competition for education research training, one competition for education research and development centers, one competition for statistical and research methodology in education, and one competition for partnerships and collaborations focused on problems of practice or policy. The Institute's National Center for Special Education Research (NCSER) will hold two competitions: one competition for special education research and one competition for special education research training.

Catalog of Federal Domestic Assistance (CFDA) Numbers: 84.305A, 84.305B, 84.305C, 84.305D, 84.305H, 84.324A, and 84.324B.

Applications for grants under the Education Research, Education Research Training, Education Research and Development Centers, Statistical and Research Methodology in Education, the Partnerships and Collaborations Focused on Problems of Practice or Policy competitions, Special Education Research, and Special Education Research Training, CFDA Numbers 84.305A, 84.305B, 84.305C, 84.305D, 84.305H, 84.324A, and 84.324B, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site you will be able to download a copy of the application package, complete it offline, and then upload

and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant applications for the Education Research, Special Education Research, Education Research Training, Special Education Research Training, Education Research and Development Centers, Statistical and Research Methodology in Education, and the Partnerships and Collaborations Focused on Problems of Practice or Policy competitions at www.Grants.gov. You must search for the downloadable application package for each competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.305, not 84.305A).

Deadline for Transmittal of Applications: August 7, 2014.
Sep 6, 2014

Archive Date:

Eligible Applicants:

City or township governments
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
Others (see text field entitled "Additional Information on Eligibility" for clarification)
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Special district governments
State governments
Public and State controlled institutions of higher education
County governments
Private institutions of higher education
For profit organizations other than small businesses

Additional Information on Eligibility:

Eligible Applicants: Applicants that have the ability and capacity to conduct scientifically valid research are eligible to apply. Eligible applicants include, but are not limited to, nonprofit and for-profit organizations and public and private agencies and institutions, such as colleges and universities.

Description:

Department of Education
Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is

available on GPO Access at:
<http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. The Director of the Institute of Education Sciences (Institute) announces the Institute's FY 2015 competitions for grants to support education research and special education research. The Director takes this action under the Education Sciences Reform Act of 2002. The Institute's purpose in awarding these grants is to provide national leadership in expanding fundamental knowledge and understanding (1) of developmental and school readiness outcomes for infants and toddlers with or at risk for disability, and (2) of education outcomes for all students from early childhood education through postsecondary and adult education.

Purpose of Program: The central purpose of the Institute's research grant programs is to provide interested individuals and the general public with reliable and valid information about education practices that support learning and improve academic achievement and access to education opportunities for all students. These interested individuals include parents, educators, students, researchers, and policymakers. In carrying out its grant programs, the Institute provides support for programs of research in areas of demonstrated national need.

Competitions in This Notice: The Institute will conduct seven research competitions in FY 2015 through two of its National Education Centers: The Institute's National Center for Education Research (NCER) will hold

five competitions: One competition for education research, one competition for education research training, one competition for education research and development centers, one competition for statistical and research methodology in education, and one competition for partnerships and collaborations focused on problems of practice or policy. The Institute's National Center for Special Education Research (NCSER) will hold two competitions: one competition for special education research and one competition for special education research training.

Catalog of Federal Domestic Assistance (CFDA) Numbers: 84.305A, 84.305B, 84.305C, 84.305D, 84.305H, 84.324A, and 84.324B.

Applications for grants under the Education Research, Education Research Training, Education Research and Development Centers, Statistical and Research Methodology in Education, the Partnerships and Collaborations Focused on Problems of Practice or Policy competitions, Special Education Research, and Special Education Research Training, CFDA Numbers 84.305A, 84.305B, 84.305C, 84.305D, 84.305H, 84.324A, and 84.324B, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us. You may access the electronic grant applications for the Education Research, Special Education Research, Education Research Training, Special Education Research Training, Education

Research and Development Centers, Statistical and Research Methodology in Education, and the Partnerships and Collaborations Focused on Problems of Practice or Policy competitions at www.Grants.gov. You must search for the downloadable application package for each competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.305, not 84.305A).

About Us

For Staff & Contractors

OFFICES ▾[Home](#)

GRANTS & CONTRACTS

Much of the work of the Department of Energy's **Office of Science** (SC) is supported through grants and contractual vehicles. This work is processed through the Office of Science **Grants and Contracts Division** (GCD) which serves as the principal acquisition, financial assistance (grants and cooperative agreements) and contract/grant management advisor to the Director of Science. The GCD provides independent analyses, advice and recommendations on procurement and assistance actions initiated by SC; identifies problem areas, opportunities and management issues and makes recommendations; serves as SC focal point in developing positions and responses to proposed Federal and DOE procurement and assistance regulations and business management policies and procedures; provides advice and guidance and serves as the SC focal point with DOE field offices, laboratories, universities, contractors, grantees and other Government agencies on SC policies and strategies with respect to acquisition, financial assistance and contract/grant management issues.

The Department's **Office of Nuclear Energy** re-established, in FY 1998, a competitive peer-reviewed program to provide grants allowing nuclear engineering faculty and students to conduct innovative research in nuclear engineering and related areas. The awards run from one to three years and are granted in eight separate technical areas related to nuclear engineering: reactor physics, reactor engineering, reactor materials, radiological engineering, radioactive waste management, applied radiation science, nuclear safety and risk analysis, and innovative technologies for next generation reactors, space power and propulsion, or radiation sources. This type of research is vital to the academic community to help promote excellence in nuclear engineering and provide resolution to issues confronting nuclear engineering in general.

The **Office of Nuclear Energy** provides tuition, stipends, and practicums to outstanding graduate students studying nuclear engineering and health physics and undergraduate scholarships and practicums to students pursuing a nuclear engineering course of study to ensure that our country will have an adequate supply of trained nuclear scientists and engineers. As an element of this activity, the University Partnership Program pairs minority institutions with institutions offering a nuclear engineering degree to enable more minorities to enter the field of nuclear engineering.

0000978 Technology Incubator for Wind

Opportunity Category:	Energy Innovations
Funding Instrument Type:	Discretionary
Category of Funding Activity:	Cooperative Agreement
Category Explanation:	Energy
Expected Number of Awards:	
CFDA Number(s):	81.087 -- Renewable Energy Research and Development
Cost Sharing or Matching Requirement:	
Posted Date:	Mar 12, 2014
Creation Date:	Mar 14, 2014
Original Closing Date for Applications:	Applications are not being accepted through this Notice of Intent (NOI).
Current Closing Date for Applications:	Applications are not being accepted through this Notice of Intent (NOI).
Archive Date:	Sep 30, 2014
Eligible Applicants:	Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"
Agency Name:	Golden Field Office
Description:	<p>The purpose of this modification is to revise the Notice of Intent to include eligibility language for ALL Applicants and specifically for DOE Federally Funded Research and Development Centers (FFRDCs). The Office of Energy Efficiency and Renewable Energy (EERE) intends to issue, on behalf of the Wind and Water Power Technologies Office (WWPTO), a Funding Opportunity Announcement (FOA) entitled? Technology Incubator for Wind Energy Innovations? EERE is an organization focused on achieving aggressive and well-defined mid-to-long term clean energy goals for the United States of America. In that context, EERE has established multi-year plans and roadmaps. EERE focuses the majority of its resources on a limited number of "highest probability of success" pathways/approaches to ensure that the program initiatives are supported at a critical mass (both in terms of dollars and time) for maximum impact. This roadmap-based approach is one of EERE's greatest strengths, which can create challenges in</p>

recognizing and exploring unanticipated, game changing pathways/approaches which may ultimately be superior to the pathways/approaches on our existing roadmaps. To enhance the responsiveness of the roadmap approach, EERE is issuing "Incubator" Funding Opportunity Announcements within its existing Offices and programs to support innovative technologies and solutions that could help meet existing goals but are not represented in a significant way in the Offices' existing Multi-Year Program Plans (MYPPs) or current portfolios. The Incubator programs will allow EERE to assess new technologies for their potential to be on ramped to future MYPPs. Successful incubator projects will reduce the risk associated with potentially breakthrough approaches and technologies so that they could be viable candidates for inclusion in future program roadmaps. The planned Technology Incubator for Wind Energy Innovations? FOA continues the work of the Wind Program within EERE, and supports the long-term goals of WWPTO, which include: Lower the Levelized Cost of Energy (LCOE) of land-based utility-scale wind energy systems from 2011 reference costs¹ of 7.2 ¢/kWh (cents per kilowatt hour) to 4.2 ¢/kWh by 2030 ?Lower LCOE of fixed-bottom offshore utility-scale wind energy systems from 2011 reference costs¹ of 22.5 ¢/kWh to 13.7 ¢/kWh by 2030. The FOA encompasses applications for any and all ideas that have a significant potential to advance the mission of the Wind Program. All high-impact applications will be considered. The purpose of this Notice is to provide potential applicants advance notice that the Wind and Water Power Technologies Office, on behalf of EERE intends to issue a FOA titled, ?Technology Incubator for Wind Energy Innovations?. NO APPLICATIONS WILL BE ACCEPTED THROUGH THIS NOTICE. Please do not submit questions or respond

to this Notice of Intent. Prospective applicants to the FOA should begin developing partnerships, formulating ideas, and gathering data in anticipation of the issuance of this FOA. It is anticipated that this FOA will be posted to EERE Exchange no later than March 2014. This Notice is issued so that interested parties are aware of the EERE's intention to issue this FOA in the near term. All of the information contained in this Notice is subject to change. EERE will not respond to questions concerning this Notice. Once the FOA has been released, EERE will provide an avenue for potential Applicants to submit questions.

Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Please see Section III of the announcement for eligibility information.
Agency Name:	Environmental Protection Agency
Description:	The U.S. Environmental Protection Agency (EPA) is seeking applications that take a systems view to investigate how drought (seasonal and prolonged), exacerbated, by climate change, may impact surface water and groundwater quality and availability. EPA is interested in characterizing and predicting water quality as it relates to drought and subsequent drought related events, such as changes in surface runoff and wildfire. The Agency is also seeking information on changes in water quality that are driven by other

variations in the hydrologic cycle (extreme events or climate change). For example, flooding following drought and wildfires, timing and intensity of spring runoff, etc. EPA is also interested in research that investigates management options for communities to plan and adapt to these changing scenarios. The goal of this Request for Applications (RFA) is to provide information on these complex interactions and devise innovative and sustainable management strategies for communities, municipalities, water managers, natural resource managers, and other stakeholders to protect our nation's ground and surface water resources from potential decrease in water quality and availability.

Funding Opportunity Title:	Air Pollution Monitoring for Communities
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement Grant
Category of Funding Activity:	Environment
Category Explanation:	
Expected Number of Awards:	6
CFDA Number(s):	66.509 -- Science To Achieve Results (STAR) Research Program
Cost Sharing or Matching Requirement:	No
Posted Date:	Jun 9, 2014
Creation Date:	Jun 11, 2014
Original Closing Date for Applications:	Oct 7, 2014 Please see the announcement, including Section IV, for additional submission information.
Current Closing Date for Applications:	Oct 7, 2014 Please see the announcement, including Section IV, for additional submission information.
Archive Date:	Nov 6, 2014
Estimated Total Program Funding:	\$45,000,000
Award Ceiling:	\$750,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Please see Section III of the announcement for eligibility information.
Agency Name:	Environmental Protection Agency
Description:	The U.S. Environmental Protection Agency (EPA), as part of its Science to Achieve Results (STAR) program, is seeking applications proposing research on empowering communities and individuals to take action to avoid air pollution exposure, using low-cost portable air pollution sensors. Specifically of interest is research on using low-cost portable sensors to understand and avoid air pollution exposure, on the ways communities and individuals interact with air pollution sensors

and their data, on methods for understanding and managing the quality of data from air pollution sensors, and on how sensors and sensor networks compare to existing state-of-the-art air quality monitoring methods.

HHS Grants Forecast

The Department of Health and Human Services' Grants Forecast is a database of **planned** grant opportunities proposed by its [agencies](#). Each Forecast record contains actual or estimated dates and funding levels for grants that the agency intends to award during the fiscal year. Forecast **opportunities are subject to change** based on enactment of congressional appropriations.

When funding is available and an agency is ready to accept applications, the agency will issue an official notice, known as a Funding Opportunity Announcement (FOA), which will be available on Grants.gov. The FOA provides guidance on how to receive an application kit and instructions on how to apply.

Archive Date:	Sep 19, 2014
Estimated Total Program Funding:	\$650,000,000
Award Ceiling:	\$54,933,590
Award Floor:	\$750,000
Eligible Applicants:	For profit organizations other than small businesses Independent school districts Small businesses Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education Public housing authorities/Indian housing authorities Native American tribal governments (Federally recognized) City or township governments Public and State controlled institutions of higher education Private institutions of higher education Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education County governments State governments
Additional Information on Eligibility:	Eligible applicants are any public or private non-profit agency, including community-based and faith-based organizations, or for-profit agencies pursuant to Section 645A(d) of the Head Start Act, 42 U.S.C. § 9840A(d). Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Faith-based organizations are encouraged to review the ACF Policy on Grants to Faith-Based Organizations at: http://www.acf.hhs.gov/acf-policy-on-grants-to-faith-based-organizations .

Applications from individuals, foreign entities, and sole proprietorship for-profit organizations are not eligible and will be disqualified from competitive review and from funding under this announcement.

Agency Name:

Administration for Children and Families

Description:

Please note the published funding announcement has been modified. The High Poverty Zip Codes listed in the Appendix now include the states of Texas, Utah and Virginia. The Administration for Children and Families (ACF) announces the availability of approximately \$500 million to be competitively awarded for the purpose of expanding access to high-quality, comprehensive services to low-income infants and toddlers and their families through Early Head Start-Child Care (EHS-CC) Partnerships, or through the expansion of Early Head Start services. ACF solicits applications from public entities, including states, or private non-profit organizations, including community-based or faith-based organizations, or for-profit agencies that meet eligibility for applying as stated in section 645A of the Head Start Act. For more information, interested applicants should visit

<http://eclkc.ohs.acf.hhs.gov/hslc/hs/grants/ehs-ccp>.

Agency Name:	National Institutes of Health
Description:	The purpose of this funding opportunity announcement (FOA) is to encourage applications to the newly authorized Direct-to-Phase II SBIR grant mechanism. Applications are invited from eligible United States small business concerns (SBCs) that have demonstrated the scientific and technical merit and feasibility of the prototype stage of developing a biomedical technology that has commercial potential, R&D that is characteristic of Phase-I (R43) SBIR projects. The Direct-to-Phase II grant mechanism is intended to facilitate SBIR-type R&D, to expand R&D opportunities for applicant small business concerns (SBCs), and to enhance the pace of technology development and commercialization.

DHS Financial Assistance

Financial Assistance Overview

Most DHS Components have authority to execute and manage financial assistance to support the DHS mission. Financial assistance is the transfer to a non-Federal recipient of anything of value for a public purpose, and in DHS includes grants, cooperative agreements, training, loans, direct payments, and National flood insurance.

Background

Although most DHS Components possess some grant-making programs, the majority of programs and funding exists within the Federal Emergency Management Agency (FEMA). DHS supports a wide variety of financial assistance including post-disaster relief and resilience, preparedness, boating safety, cybersecurity, research, university centers of excellence, and assistance to fire fighters. The chart below reflects the distribution of financial assistance activity and funding by DHS mission.

[DHS Financial Assistance by Component](#)

Financial Assistance Policy and Oversight (FAPO)

FAPO is within the DHS Office of the Chief Financial Officer, Undersecretary of Management. The office is the functional lead for the Financial Assistance Line of Business. FAPO is responsible for providing oversight, to include the issuance of policy, for all DHS financial assistance programs. The team works with DHS Components to ensure a "One DHS" approach for financial assistance. The Office consists of four units; Information Management and Reporting, Financial Assistance Policy, Financial Assistance Oversight and Strategic

Download these updated grant application tools and start planning your grant request now.

- [FY 2012 FP&S Grants Get Ready Guide](#). This short guide will help you kick-start your grant application. It identifies the most important elements of all the grant application questions.
- [FY 2012 FP&S Grant Self-Evaluation Sheet](#). This tool is based on the application scoring dimensions used by the peer reviewers. It can help you assess your organization's readiness to apply for a grant and help you plan your application.

Video Resources

Two short Fire Prevention and Safety Program videos provide information that can help potential applicants.

- The [FP&S Grants video](#) gives an overview of the FP&S Grant Program, describing the purpose of the grants, eligible activities, and evaluation criteria.
- The [Community Risk Assessment video](#) describes the different types of risk assessments that applicants can use and explains how the risk assessment's information can support grant requests. Community risk assessments are critical to creating an effective fire prevention and safety project, and they are required to obtain a FP&S grant.

Website Resources

Visit the [FP&S Grants home page](#) on the [Assistance to Firefighters Grants \(AFG\) website](#) to find more information about recent awardees and models of successful FP&S projects.

U.S. Department of Homeland Security
Washington, DC 20472

FEMA

Dear FEMA Grantee:

In August 2011, Congress passed the Budget Control Act of 2011 (Public Law 112-25) to limit federal spending and reduce our national debt. To enforce annual spending limits, that law requires across-the-board funding reductions to almost every federal program, project, and activity through a process called "sequestration."

As a consequence, all federal agencies, including FEMA, will have to implement steep funding cuts, beginning in the current fiscal year. Leadership throughout FEMA and the Department of Homeland Security have been working hard to determine how we might best mitigate the impact of possible sequestration budget reductions on our state, local, tribal, territorial, non-profit and private sector partners.

Nonetheless, the sequestration order issued on March 1, 2013 will result in FEMA's current Fiscal Year (FY) 2013 funding levels being reduced by approximately 5%. This will result in a reduction to FEMA's State and Local grant funding levels of approximately \$104 million.

The sequestration reductions will affect FY 2013 funding levels for all GPD grants, subject to FEMA's final FY 2013 appropriation. Sequestration will not affect grants or cooperative agreements awarded in previous fiscal years.

We recognize the hardships that sequestration is likely to cause and thank you for your cooperation as we work together to manage these unfortunate circumstances. We value the important work that you do and appreciate your dedication to the security and resilience of the Nation. As always, your thoughts, questions and concerns are welcome.

Sincerely,

A handwritten signature in blue ink, appearing to read "David J. Kaufman".

David J. Kaufman
Acting Assistant Administrator
Grant Programs Directorate

Federal Funding Alternative To AFG

State Administrative Agencies (SAA) apply for and administer Federal grants on behalf of their States, including FEMA Preparedness Grants. The SAA will work with eligible organizations to comply with the general requirements of grant programs or cooperative agreements. Contact your State's SAA to find out what current Federal funding opportunities may be available to your organization. A listing of the SAAs and points of contact can be found at <http://www.fema.gov/library/viewRecord.do?id=6363>.

Biowatch Program

Cost Sharing or Matching Requirement:	No
Posted Date:	Feb 25, 2014
Creation Date:	Feb 25, 2014
Original Closing Date for Applications:	Sep 30, 2015
Current Closing Date for Applications:	Sep 30, 2015
Archive Date:	Oct 30, 2015
Estimated Total Program Funding:	\$29,000,000
Award Ceiling:	\$4,500,000
Award Floor:	\$178,220
Eligible Applicants:	County governments State governments City or township governments
Additional Information on Eligibility:	State and Local Governments must be invited by DHS to apply. DHS will invite governmental organizations to apply for continuation funding under this FOA. In addition, as part of ongoing improvements in the BioWatch Program, DHS may evaluate requests for some direct support of laboratories that analyze samples collected under the Program. If necessary, this FOA will also award an unspecified number of supplemental awards to current recipients in the event of emergencies, Special Events with National Significance, and limited alterations to current recipients to ensure a secure and resilient nation with the capabilities to thwart terrorist attacks.
Agency Name:	Office of Procurement Operations - Grants Division
Description:	The BioWatch Program is a cornerstone of the Department of Homeland Security's (DHS) comprehensive strategy for countering biological terrorism. The BioWatch Program is an early warning system that is designed to detect the intentional release of select aerosolized biological agents. The BioWatch Program's mission is to provide and maintain a continuous bio-terrorism air monitoring system

in metropolitan areas and coordinate with state and local public health communities to prepare for and respond to a bioterrorist event. This mission is accomplished by serving as an early warning system which enhances the security of jurisdictions by providing the needed time to execute their comprehensive concept of operations plans to counter biological terrorism. The Biowatch Program is a critical part of an ongoing national effort to build and sustain preparedness which helps the United States to maintain momentum through targeted jurisdictional planning that highlights preventative actions necessary to allow for a proper and timely response and begin the process to recovery from a biological agent release. The BioWatch Evaluation Program (BWEP) will be conducted under the BioWatch Quality Assurance Program effective April 1, 2013. This program will consist of independent external audits (Quality Assurance) by Signature Science and internal audits (Quality Control) by BioWatch Systems Program Office field personnel. This approach will initially be conducted with a focus on adherence to the BioWatch Field Operations Standard Operating Procedure (SOP), Version 1.3 and will eventually evolve to encompass the Field Operations Quality Assurance Program Plan (QAPP). In order to ensure a robust QA / QC program the jurisdictions may be subject to a QA external audit and a QC internal audit during the same cooperative agreement cycle (year).

Resident Opportunity and Self Sufficiency (ROSS) Service Coordinators Program Grant

Document Type:

Grants Notice

Funding Opportunity Number:

FR-5800-N-03

Funding Opportunity Title:	Resident Opportunity and Self Sufficiency (ROSS) Service Coordinators Program
Opportunity Category:	Discretionary
Funding Instrument Type:	Grant
Category of Funding Activity:	Housing
Category Explanation:	
Expected Number of Awards:	110
CFDA Number(s):	14.870 -- Resident Opportunity and Supportive Services - Service Coordinators
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Jun 18, 2014
Creation Date:	Jun 18, 2014
Original Closing Date for Applications:	Aug 18, 2014 The application deadline for receipt of HUD's ROSS-Service Coordinators applications via Grants.gov is 11:59:59 p.m. eastern time on the date listed above.
Current Closing Date for Applications:	Aug 18, 2014 The application deadline for receipt of HUD's ROSS-Service Coordinators applications via Grants.gov is 11:59:59 p.m. eastern time on the date listed above.
Archive Date:	Feb 13, 2015
Estimated Total Program Funding:	\$36,000,000
Award Ceiling:	\$738,000
Award Floor:	\$246,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	1. Eligible applicants. Eligible applicants are PHAs (including newly established consolidated PHAs); tribes/TDHEs; tax exempt nonprofit organizations including grassroots faith-based and other community-based organizations that have resident support, PHA support or the support of tribes; Resident Associations (RAs); resident council (RCs); resident organizations (ROs); City-Wide Resident Organizations (CWROs); Intermediary Resident Organizations (IROs); Jurisdiction-Wide Resident Organizations; Regional Residential Organizations;

Resident Management Corporations (RMCs); Site-Based Resident Organizations; Statewide Resident Organizations (SROs); and Tribal/TDHE resident groups. The term "Resident Association" or "RA" will generally be used to refer to all types of eligible resident organizations. Please see the section on "Definition of Terms" for a complete definition of each type of eligible resident organization. HUD's goal is to provide funding to sustain existing programs. HUD will give first renewal priority to FY2011 grantees and second renewal priority to grantees from FY08-10 which were not renewed in the FY11, 12, or 13 competitions. If funds are available after making awards under the renewal categories, HUD will fund eligible applicants under the; category. Under the; category, first priority will be given to applicants with no prior ROSS-SC funding. Second priority will be given to applicants wishing to serve PHAs that are currently being served by ROSS-SC grants that were funded under the FY2012 or FY2013 NOFAs. Please see Section V.B.3. & Order of Funding Priorities; for more information. Please also see the "Definition of Terms" section for further information about what constitutes a "new applicant," a "renewal applicant," and "new funding." Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement. Department of Housing and Urban Development

Agency Name:

Description:

The purpose of the Public and Indian Housing Resident Opportunity and Self-Sufficiency (ROSS) Service

Coordinators (ROSS-SC) program is to provide grants to public housing agencies (PHAs), tribes/Tribally-designated housing entities (TDHEs), Resident Associations (RAs) and tax-exempt nonprofit organizations (including grassroots, faith-based and other community-based organizations) for the provision of a Service Coordinator to coordinate supportive services and other activities designed to help Public and Indian Housing residents attain economic and housing self-sufficiency. This program works to promote the development of local strategies to coordinate the use of assistance under the Public Housing program with public and private resources, for supportive services and resident empowerment activities. These services should enable participating families to increase earned income, reduce or eliminate the need for welfare assistance, make progress toward achieving economic independence and housing self-sufficiency or, in the case of elderly or disabled residents, help improve living conditions and enable residents to age in-place. A Service Coordinator ensures that program participants are linked to the supportive services they need to achieve self-sufficiency or remain independent. Funds in this program may not be used for the direct provision of supportive services. This program is similar to the Public Housing Family Self-Sufficiency program (PH FSS) however, the PH FSS program is open only to PHAs and tribes/TDHEs, has a requirement of an escrow account for its participants and provides one-year funding. In addition to be open to PHAs and

tribes/TDHEs, the ROSS SC program is also open to nonprofit and Resident Associations applicants, provides three-year funding, includes administrative expenses and training as eligible uses of the funds and requires a 25% match by statute. A PHA or tribe may receive grants in both programs.

HUD Community Compass Technical Assistance and Capacity Building Grant

Document Type:	Grants Notice
Funding Opportunity Number:	FR-5800-N-12
Funding Opportunity Title:	HUD Community Compass Technical Assistance and Capacity Building
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Housing
Category Explanation:	
Expected Number of Awards:	15
CFDA Number(s):	14.259 -- Community Compass Technical Assistance and Capacity Building
Cost Sharing or Matching Requirement:	No
Posted Date:	Jun 3, 2014

Creation Date:	Jun 3, 2014
Original Closing Date for Applications:	Jul 23, 2014 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date.
Current Closing Date for Applications:	Jul 23, 2014 Electronically submitted applications must be submitted no later than 11:59:59 p.m., ET, on the listed application due date.
Archive Date:	Feb 13, 2015
Estimated Total Program Funding:	\$51,000,000
Award Ceiling:	\$51,000,000
Award Floor:	\$500,000
Eligible Applicants:	County governments Private institutions of higher education For profit organizations other than small businesses State governments City or township governments Others (see text field entitled "Additional Information on Eligibility" for clarification) Public and State controlled institutions of higher education Public housing authorities/Indian housing authorities Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Special district governments Small businesses
Additional Information on Eligibility:	1. Eligible applicants also include: Indian tribes, tribally designated housing entities as defined at Section 4(22) of the Native American Housing Assistance and Self-Determination Act of 1996, and national or regional organizations representing Native American housing interests. Applicants who are national or regional organizations representing Native American interests should indicate such on the one-page application

summary.2. Any organization submitting an application under this NOFA may not be included as a subcontractor or consultant in any other application. Subcontractors and consultants may be included in more than one application. Any organization submitting an application where the organization or staff of the organization is listed as subcontractors or consultants on another application will be not be considered for an award.3. Selected providers will be deployed, as HUD deems most necessary across the country.4. Since the diversity and intensity of activities carried out and work products developed may be extensive, collaboration and coordination among providers is essential. For example, HUD may task two or more successful applicants to collaborate as a team in providing necessary direct technical and capacity building assistance to specific customers or in developing products and tools or group learning materials. Furthermore, HUD may select a successful applicant to conduct overall coordination for the TA network.5. Awardees tasked to provide technical assistance or capacity building to HOME grantees and/or CHDOs must have at least one (1) Certified HOME Program Specialist who has passed the Regulations Training exam with a score of 80 or higher available to conduct the work tasked, unless HUD determines that a HOME Certified Specialist is not necessary for the engagement. The Certified HOME Program Specialist(s) may be in-house staff of the applicant, subcontractor staff or consultant(s). The Certified HOME Program Specialist(s) must also have at least

five years of demonstrated experience in administering a HOME program, including finance and underwriting; or providing direct TA on HOME regulations.

Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

Agency Name:

Department of Housing and Urban Development

Description:

HUD's Community Compass program (Community Compass) funds technical assistance and capacity building activities for HUD's customers, including grantees, public housing authorities, and tribes. Community Compass builds on the previous Concept Plus program and is an outcomes-focused, cross-Departmental approach to HUD's technical assistance and capacity building activities. A complete list of the programs, objectives, and funding included can be found in Section I. Funding Opportunity Description of the NOFA.

Additional Information on Eligibility:	Please see the information below. Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.
Agency Name:	Department of Housing and Urban Development
Description:	Choice Neighborhoods Planning

Grants will support the development of comprehensive neighborhood revitalization plans which, when implemented, are expected to achieve the following three core goals: 1. Housing: Transform distressed public and assisted housing into energy efficient, mixed-income housing that is physically and financially viable over the long-term; 2. People: Support positive outcomes for families who live in the target development(s) and the surrounding neighborhood, particularly outcomes related to residents; health, safety, employment, mobility, and education; and 3. Neighborhood: Transform distressed, high-poverty neighborhoods into viable, mixed-income neighborhoods with access to well-functioning services, high quality public schools and education programs, high quality early learning programs and services, public assets, public transportation, and improved access to jobs.

Working With Interior

The U.S. Department of the Interior's Office of Acquisition and Property Management oversees the overall implementation of department's procurement and grant programs. This includes ensuring these programs perform in accordance with current applicable laws and regulations. Each of our bureaus, as well as other major organizations within Interior, has its own procurement office. These offices contract with the private sector for a variety of supplies, equipment and services. Services our procurement offices have acquired by contract include training, architect-engineer services, advisory and assistance services, custodial services, guard services, operation and maintenance, telecommunications services and information-technology services, maintenance and support.

To learn more about doing business with any of our bureaus, check out their acquisition and procurement Web sites:

- Bureau of Land Management - BLM Acquisition Organization
- Bureau of Reclamation - Acquisition and Assistance Management Services Reclamation Service Center (Denver, Colo.)
- U.S. Fish and Wildlife Service - Division of Contracting and Facilities Management (Arlington, Va.)
- U.S. Geological Survey - Contracts and Grants Information (Reston, Va.)
- Office of Surface Mining - Doing Business with the Office of Surface Mining (Washington, D.C.)
- Minerals Management Service - Procurement and Support Services Division (Herndon, Va.)
- National Park Service - Doing Business with the National Park Service
- National Business Center - NBC Acquisition

Fiscal Year 2014 Recovery Implementation Fund Grant

Document Type:	Grants Notice
Funding Opportunity Number:	F14AS00134
Funding Opportunity Title:	Fiscal Year 2014 Recovery Implementation Fund
Opportunity Category:	Discretionary
Funding Instrument Type:	Cooperative Agreement Grant Procurement Contract
Category of Funding Activity:	Environment Natural Resources
Category Explanation:	
Expected Number of Awards:	
CFDA Number(s):	15.657 -- Endangered Species Conservation - Recovery Implementation Funds
Cost Sharing or Matching Requirement:	No
Posted Date:	Apr 1, 2014

Creation Date:	Apr 1, 2014
Original Closing Date for Applications:	Jul 31, 2014 Applications are due by July 31, 2014. However, you may submit applications throughout the year. Consideration of applications ultimately will be based on the FWS budget cycle.
Current Closing Date for Applications:	Jul 31, 2014 Applications are due by July 31, 2014. However, you may submit applications throughout the year. Consideration of applications ultimately will be based on the FWS budget cycle.
Archive Date:	Oct 1, 2014
Eligible Applicants:	Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility"
Additional Information on Eligibility:	Applicants must have a demonstrated knowledge and understanding of the biology of the involved endangered or threatened species in the United States and their ecosystem, including preferably having worked with the species in the field and holding a currently valid Endangered Species Act permit, issued by the FWS, authorizing them to work with these species (or that have previously held a permit to do so). If funding is awarded, applicants that do not currently hold a valid permit for the proposed activity may need to apply for and obtain a permit (http://www.fws.gov/endangered/permits/index.html) before beginning the proposed activity. FWS Regional (or Field Office) contacts will discuss potential proposals with interested parties if needed, and review eligible applications. The FWS Regional Office will refer interested parties to the appropriate FWS Field Office for further consideration as appropriate. For potential proposals submitted directly to the Field Office, the Field

Agency Name:

Description:

Office will conduct the proposal review and selection process. A list of FWS Regional Office contacts is available in the Full Announcement under section VII. Agency Contacts.

Fish and Wildlife Service

The FWS Ecological Services

Program provides Federal financial assistance on a competitive basis to States, other Federal agencies, landowners, educators, non-profit organizations, researchers, and other partners to secure information about endangered, threatened or candidate species, to aid in the recovery of these species, to avert listing of species pursuant to the Endangered Species Act, and to help conserve the ecosystems upon which these species depend. The FWS and National Marine Fisheries Service (NMFS), which is part of the Department of Commerce's NOAA Fisheries office, share Endangered Species Act responsibilities for several species such as sea turtles. We have responsibility for sea turtles when they are on land, and NMFS has responsibility for sea turtles when they are in the water. Projects for NMFS-managed species are not included in this funding opportunity. This Recovery Implementation funding opportunity is intended for projects that will contribute to the recovery of FWS-managed endangered and threatened species in the United States, and is limited to projects carrying out actions described in a species approved recovery plan, in the implementation schedule of a species approved recovery plan, actions recommended in a completed 5-year status review of the species or in a spotlight species action plan, or projects documenting species response to climate change. For example:

securing scientific information about endangered or threatened species, implementing restoration actions that will lead to delisting of a species, help prevent extinction of a species, or aid in the recovery of a species. Projects that address species response to climate change will receive additional consideration.

Cost Sharing or Matching Requirement: Yes

Eligible Applicants

City or township governments

Additional Information on Eligibility:

Agency Name

Fish and Wildlife Service

Description

The U.S. Fish and Wildlife Service (Service) Fisheries Program's National Fish Passage Program is a voluntary, non-regulatory conservation assistance program that provides financial and technical assistance to remove or bypass artificial barriers that impede the movement of fish and other aquatic species and contribute to their decline. The National Fish Passage Program received \$11.0 million of operational funds to implement the program in Fiscal Years 2011. The Service will implement fish passage improvement-based, cost-shared projects to protect, restore, or enhance habitats that support fish and other aquatic species and their populations. All or a portion of project funds may be transferred to partner organizations through cooperative agreements if the Service lacks the capability to implement a project. To determine eligibility of a specific project contact the REGIONAL COORDINATOR in your area. A list of Coordinators and their responsible geographical areas is attached to this announcement under the APPLICATION INSTRUCTIONS.

GRANTS

The Department offers funding opportunities to conduct research, to support law enforcement activities in state and local jurisdictions, to provide training and technical assistance, and to implement programs that improve the criminal justice system.

OJP

Office of Justice Programs offers federal financial assistance to scholars, practitioners, experts, and state and local governments and agencies. Many of the program bureaus and offices award formula grants to state agencies which sub-grant funds to units of state and local government. Discretionary grant funds are announced in the Federal Register or through program solicitations that can also be found through bureau and OJP Websites. [Funding Opportunities at OJP](#) provides links to application kits, current funding opportunities listed by source, and the Grants Management System (GMS). Of particular use to new applicants, the [OJP Grants 101](#) portal presents a step-by-step guide through the grant application process.

OVW

U.S. Department of Justice
Office on Violence Against Women
Standing Together to End Violent Crime

The [Office on Violence Against Women](#) administers 19 grant programs to help provide victims of domestic violence, sexual assault, dating violence, and stalking with the protection and services they need to pursue safe and healthy lives and enable communities to hold offenders accountable for their violence.

COPS

The [Community Oriented Policing Services Office \(COPS\)](#) offers grants to help law enforcement agencies to hire more community policing officers, to acquire new technologies and equipment, to hire civilians for administrative tasks, and to promote innovative approaches to solving crime. The [COPS Office Response Center](#) provides information on programs, grants, and application assistance for the Office of Community Oriented Policing Services. The COPS Office Response Center also assists COPS grantees with financial questions and grant-related inquiries about COPS.

Grants and Contract Overview

The Department offers funding opportunities to conduct research, to support law enforcement activities in state and local jurisdictions, to provide training and technical assistance, and to implement programs that improve the criminal justice system.

The DOJ agencies listed below also have sites that provide grant information specific to that agency. Examples of what can be found on these sites are programs, funding opportunities, application assistance, and other useful information.

- [Bureau of Justice Assistance \(BJA\)](#)
- [Bureau of Justice Statistics \(BJS\)](#)
- [National Criminal Justice Reference Service \(NCJRS\)](#)
- [National Institute of Justice \(NIJ\)](#)
- [Office of Juvenile Justice and Delinquency Prevention \(OJJDP\)](#)
- [Office of Sex Offender Sentencing, Monitoring, Apprehending, Registering, and Tracking \(SMART\)](#)

OJJDP FY 2014 Enhancements to Juvenile Drug Courts Grant

Document Type:	Grants Notice
Funding Opportunity Number:	OJJDP-2014-3951
Funding Opportunity Title:	OJJDP FY 2014 Enhancements to Juvenile Drug Courts
Opportunity Category:	Discretionary
Funding Instrument Type:	Grant
Category of Funding Activity:	Law, Justice and Legal Services
Category Explanation:	
Expected Number of Awards:	8
CFDA Number(s):	16.585 -- Drug Court Discretionary Grant Program
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Jun 23, 2014
Creation Date:	Jun 23, 2014
Original Closing Date for Applications:	Jul 23, 2014

Current Closing Date for Applications:	Jul 23, 2014
Archive Date:	Aug 22, 2014
Estimated Total Program Funding:	
Award Ceiling:	\$500,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification) County governments City or township governments State governments Native American tribal governments (Federally recognized)
Additional Information on Eligibility:	Applicants are limited to states, state courts, local courts, units of local government, and Indian tribal governments acting directly or through agreement with other public or private entities. Applicants must have an operating juvenile drug court. If a subunit of government (e.g. county probation department, district attorney's office, or pretrial services agency) wishes to apply, the authorized representative must designate that applicant for purposes of applying for this grant. For example, the county executive may designate the county probation or county district attorney's office as its representative for the purpose of applying for this grant. In such cases, the applicant must submit an authorization letter. OJJDP welcomes applications that involve two or more entities; however, one eligible entity must be the applicant and the others must be proposed as subrecipients. The applicant must be the entity with primary responsibility for conducting and leading the juvenile drug court. OJJDP may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on the merit of the applications and on the availability of appropriations.
Agency Name:	Office of Juvenile Justice

Description:

Delinquency Prevention
The Office of Juvenile Justice and Delinquency Prevention (OJJDP) envisions a nation where our children are healthy, educated, and free from violence. If they come into contact with the juvenile justice system, the contact should be rare, fair and beneficial to them. To fulfill this vision, OJJDP will make awards to currently operating juvenile drug courts to enhance their capacity and the services they provide. A juvenile drug court provides comprehensive, developmentally appropriate, community-based services for youth who come in contact with the juvenile justice system due to alcohol or other drug use. This program is authorized pursuant to 42 U.S.C. 3797u, et seq.

The applicant must be the entity with primary responsibility for conducting and leading the program. OJJDP may elect to make awards for applications submitted under this solicitation in future fiscal years, dependent on the merit of the applications and on the availability of appropriations.

Agency Name:

Office of Juvenile Justice
Delinquency Prevention

Description:

This program will fund agencies that utilize a comprehensive, multidisciplinary approach to provide intervention and supervision services for youth with sexual behavior problems and treatment services for their child victims and families. Award recipients will target for services youth with sexual behavior problems, their child victim(s), and parents/caregivers. Youth participating in this program must undergo a mental health evaluation to determine if they are amenable to community-based treatment and intervention. Targeted youth offenders should have no prior history of court involvement for sexual misconduct. There are two categories for this solicitation: Category 1: Nontribal Project Sites and Category 2: Tribal Project Sites. This program represents a collaboration between OJJDP and OJP's Office of Sex Offender Sentencing, Monitoring,

Estimated Total Program Funding:

Award Ceiling:

\$2,000,000

Eligible Applicants:

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

This initiative includes two categories, and the eligibility differs for each component:

- Category 1: Local School Justice Collaboration Program. Applicants are limited to local juvenile and family courts (including rural and tribal juvenile and family courts) that can verify that they have a partnership—with a local education agency (LEA) that has applied to the Department of Education's School Climate Transformation Grants-LEA (SCTG) and the Substance Abuse and Mental Health Services Administration Now Is the Time Project AWARE-LEA program. Additionally, applicants must partner with local law enforcement (via subgrants) as part of their collaborative effort. To meet these eligibility criteria, applicants to this solicitation must provide a letter of commitment or agreement, as described on page 17, and the Grants.gov tracking numbers for the SCTG and Project AWARE grant programs applications. Awards under this category may be made only to juvenile and family courts in communities that have been awarded Department of Education School Climate Transformation Grants, as required under paragraph (3)(D) under the Juvenile Justice heading in the Department of Justice Appropriations Act, 2014, P.L. 113-76, 128 Stat. 5, 64-65. A factor that will be considered in selection is whether an application also provides a plan to collaborate with the LEA on SAMHSA's Now Is The Time Project AWARE-LEA program.
- Category 2: School Justice Collaboration Program National

Training and Technical Assistance. Applicants are limited to nonprofit and for-profit organizations (including tribal nonprofit and for-profit organizations) and institutions of higher education (including tribal institutions of higher education). For-profit organizations must agree to forgo any profit or management fee.

Agency Name:

Office of Juvenile Justice
Delinquency Prevention

Description:

The Office of Juvenile Justice and Delinquency Prevention (OJJDP) envisions a nation where our children are healthy, educated, and free from violence. If they come into contact with the juvenile justice system, the contact should be rare, fair, and beneficial to them. To meet this vision, OJJDP is partnering with the Department of Education and Substance Abuse and Mental Health Services Administration (SAMHSA) to implement a multidisciplinary initiative to improve school climates, respond early and appropriately to student mental health and behavioral needs, avoid referring students to law enforcement and juvenile justice as a disciplinary response, and facilitate a proactive and supportive school reentry process in the rare instances in which a youth is referred. The larger goal of this program is to enhance collaboration and coordination among schools, mental and behavioral health specialists, law enforcement, and juvenile justice officials at the local level to ensure adults have the support, training, and a shared framework to help students succeed in school and prevent negative outcomes for youth and communities. This program is authorized pursuant to paragraph

(3)(D) under the Juvenile Justice heading in the Department of Justice Appropriations Act, 2014, P.L. 113-76, 128 Stat. 5, 64-65.

Department of Labor

Agency Grants and Contract General Overview

Department of Labor Grant Programs

- **Bureau of International Labor Affairs (ILAB):** provides grants (cooperative agreements) for the implementation of projects designed to assist developing countries combat the worse forms of child labor, forced labor, and human trafficking; and support worker rights and improve working conditions. Solicitations for grant applications are announced on www.grants.gov/ and at www.dol.gov/ILAB/grants/main.htm. ILAB grants are awarded by the [OASAM grant office](#).
- **Bureau of Labor Statistics (BLS):** provides project grants (cooperative agreements) and the dissemination of technical statistical data and related information on labor force activities; provides data on prices (CPI) and cost of living; data on productivity and technology data; data on compensation and working conditions; data on employment projections.

- **Employment and Training (ETA):** ETA administers financial assistance programs pursuant to the Workforce Investment Act (WIA), administering State formula grant programs for youth, adults and dislocated workers, national emergency grants for workers affected by mass layoffs, plant closures, and disasters; grant programs for workers with disabilities, Indians and Native Americans, and for migrant and seasonal farmworkers. ETA also administers grant programs for older American workers, apprenticeship programs, Trade Adjustment Assistance (TAA) programs, and assistance for research and development of workforce programs. In addition, ETA is responsible for the operation and maintenance of a national system of public employment service offices and for the national unemployment insurance program.
 - **Mine Safety and Health (MSHA):** provides grants for research, education and training programs to ensure an adequate and competent staff of trained inspectors; and assistance for establishing or improving State mine health and safety programs through technical assistance.
 - **Occupational Safety and Health (OSHA):** provides grants to non-profit organizations to provide training, educational services, and technical assistance; assistance to states to administer and enforce state programs; assistance to states to provide occupational safety and health technical assistance and consultant services.
 - **Office of Disability Employment Policy (ODEP):** The Office of Disability Employment Policy awards competitive grants establishing short-term pilot and technical assistance projects designed to identify, develop, test, evaluate, and disseminate policies to increase employment by expanding access to training, education, employment supports, assistive and systems technology, integrated employment, entrepreneurial development, and small business opportunities for adults and youth with disabilities. Current pilots projects focus on customized employment, Olmstead populations, and innovative demonstration youth grants, among others. Solicitations for grant applications are published in the Federal Register and announced at www.dol.gov/odep. ODEP grants are awarded by the [OASAM grant office](#).
 - **Veterans' Employment and Training (VETS):** provides special employment and training assistance for veterans through the [Disabled Veterans' Outreach Program \(DVOP\) Solicitation for Grant Applications](#); the [Local Veterans' Employment Representative Program \(LVER\)](#); [Veterans' Workforce Investment Program \(VWIP\)](#); [elaws Advisor on veterans' employment and reemployment rights](#); and the [Homeless Veterans Reintegration Project \(HVRP\)](#). VETS grants are awarded by the [OASAM grant office](#).

Research Opportunities

A researcher examines an array of solar mirrors for a new type of engine.

NASA offices and field centers offer a wide variety of opportunities for researchers to join the NASA team. Whether supporting graduate students and funding science investigations for missions to other planets, NASA encourages all interested researchers to take advantage of these opportunities.

[> Find out more.](#)

Researchers can also submit unsolicited proposals.

NASA Office of Procurement

- [NASA Center Procurement Sites and Contact Information](#) - NASA procurement points-of-contact can be located on each center's procurement home page.

NASA Acquisition Internet Service (NAIS) - is a service, from which industry has immediate access to current acquisition information over the Internet. The NAIS is a collection of on-line servers operated at each NASA field installation, and all are interconnected to ease the vendor's access to all NASA acquisitions. Synopses, solicitations, award notices, acquisition forecasts, regulations, forms, and small business assistance are posted.

- [View contracts, grants, space act agreements or cooperative agreements](#) and any purchase order with a value greater than \$25,000 awarded or modified during a fiscal year. This data has been made available here to provide assistance to NASA management, industry, private individuals, and other government entities.
- [NASA Unsolicited Proposals - Guidance for the Preparation and Submission](#). This document provides guidelines for the preparation of formal unsolicited proposals to those who wish to convey their creative methods or approaches to NASA. These guidelines apply to all unsolicited proposals regardless of the NASA Installation or Agency program for which they are intended, but do not apply to solicited proposals.
- [Grant and Cooperative Agreement Handbook](#) - Active Grant Notices (GNs) and Active Grant Information Circulars (GICs). This handbook consists of four sections that prescribe policies and procedures relating to the award and administration of NASA grants and cooperative agreements.
- [NASA Acquisition Forecast](#) - It is NASA policy to prepare an annual forecast and a semiannual update of expected contract opportunities, or classes of contract opportunities, for each fiscal year. The forecast consolidates anticipated procurements (in excess of the simplified acquisition threshold) at each NASA Center with the aim of increasing industries' advance knowledge of NASA requirements and to enhance competition. This forecast is subject to revision or cancellation, and is for Government planning purposes only. You are urged to review the Commerce Business Daily and the NASA Acquisition Internet Service for the actual notice of a pending contract action.

NASA Research Opportunities Online - Various NASA offices publish their research announcements over the Internet, broadening the opportunity for researchers to apply for funding. This site provides access to current research announcements along with their specific due dates.

- [The NASA Online Research Proposal Web site](#) - The SYS - EYFUS is an electronic system (SYS - EYFUS) used by NASA Headquarters to request, receive, evaluate and follow-up on research proposals sponsored by NASA's Office of Equal Opportunity (Code E), Office of Earth Science (Code Y), Office of Human Resources & Education Division (Code F), Office of Life and Microgravity Sciences and Applications (Code U), and Office of Space Science (Code S). SYS - EYFUS also supports the funding and administration of awards pursuant to selection of these research opportunities.

Grants for Organizations

We fund **projects** only. Projects may consist of one or more specific events or activities. Projects do not have to be new. Excellent existing projects can be just as competitive as new activities. Projects do not need to be big either; we welcome small projects that can make a difference in their community or field.

Art Works

To support the creation of art that meets the highest standards of excellence, public engagement with diverse and excellent art, lifelong learning in the arts, and the strengthening of communities through the arts. Matching grants generally range from \$10,000 to \$100,000.

[Changes to Art Works and Challenge America Fast-Track Application Format and Deadlines](#)

Deadline: July 24, 2014 Notification: April 2015 Earliest Start Date: June 1, 2015

Challenge America Fast-Track

To support projects that extend the reach of the arts to underserved populations. Matching grants are for \$10,000.

Changes to Art Works and Challenge America Fast-Track Application Format and Deadlines

Deadline: May 8, 2014 Notification: December 2014 Earliest Start Date: January 1, 2015

Our Town

Organizations may apply for creative placemaking projects that contribute to the livability of communities and place the arts at their core. Matching grants range from \$25,000 to \$200,000.

Deadline: deadline has passed for 2014 Notification: July 2014 Earliest Start Date: Sept 1, 2014

Research: Art Works

The Research: Art Works category supports research projects to analyze the value and impact of the arts in the United States. Generally range from \$10,000 to \$30,000.

Deadline has passed. Notification: April 2014 Earliest Start Date: May 1, 2014

The Arts Endowment will not transfer applications between categories.

For additional funding opportunities such as program solicitations for cooperative agreements, please visit the relevant Artistic Fields page to learn more.

National Endowment for the Arts

-An organization may submit only one application through one of the following FY 2015 categories: Art Works or Challenge America Fast-Track. -The Arts Endowment's support of a project may start on or after June 1, 2015. The guiding principle of "Art Works" is at the center of everything we do at the NEA. "Art Works" refers to three things: the works of art themselves, the ways art works on audiences, and the fact that art is work for the artists and arts professionals who make up the field. To make "art work," the NEA has included the advancement of innovation as a core component of its mission as a way to ensure the vitality of the arts. We recognize that arts and design organizations are often in the forefront of innovation in their work and strongly encourage innovative projects which are characterized as those that:

- Are likely to prove transformative with the potential for meaningful change, whether in the development or enhancement of new or existing art forms, new approaches to the creation or presentation of art, or new ways of engaging the public with art;
- Are distinctive, offering fresh insights and new value for their fields and/or the public through unconventional solutions; and
- Have the potential to be shared and/or emulated, or are likely to lead to other advances in the field.

Through the projects that we support in the Art Works category, we want to achieve the following four outcomes:

- Creation: The creation

of art that meets the highest standards of excellence, • Engagement: Public engagement with diverse and excellent art, • Learning: Lifelong learning in the arts, and • Livability: The strengthening of communities through the arts.

Special district governments
County governments
Private institutions of higher education
Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Public and State controlled institutions of higher education
Native American tribal governments (Federally recognized)
State governments
National Endowment for the Humanities

Museums, Libraries, and Cultural Organizations grants provide support for museums, libraries, historic places, and other organizations that produce public programs in the humanities. Grants support the following formats: ζ exhibitions at museums, libraries, and other venues; ζ interpretations of historic places, sites, or regions; and ζ book/film discussion programs; living history presentations; and other face-to-face programs at libraries, community centers, and other public venues. NEH encourages projects that explore humanities ideas through multiple formats. Proposed projects might include complementary components that deepen an audience's understanding of a subject: for example, a museum exhibition might be accompanied by a website, mobile app, or discussion programs. Types of Museums, Libraries, and Cultural Organizations awards
Planning grants support the early stages of project development, including consultation with scholars, refinement of humanities themes, preliminary design, testing, and audience evaluation. Implementation grants support final scholarly

County governments
Special district governments
State governments
Private institutions of higher education
City or township governments
National Endowment for the Humanities
NEH Bridging Cultures at Community Colleges grants are intended to strengthen and enrich humanities education and scholarship at community colleges or community college systems. Grants are used to enhance the humanities content of existing programs, develop new programs, or lay the foundation for more extensive endeavors in the future. NEH Bridging Cultures at Community Colleges grants create opportunities for community college faculty members to study together while improving their capacity to teach the humanities; enhance or develop areas of need in an institution's humanities programs; and give community college faculty access to humanities resources through partnerships with other institutions with appropriate resources. Projects must focus on the theme of Bridging Cultures. This agency-wide initiative encourages exploration of the ways in which cultures from around the globe, as well as the myriad subcultures within America's borders, have influenced American society. With the aim of revitalizing intellectual

and civic life through the humanities, NEH welcomes proposals that enhance understanding of diverse countries, peoples, and cultural and intellectual traditions worldwide. Applications might also investigate how Americans have approached and attempted to surmount seemingly unbridgeable cultural divides, or examine the ideals of civility and civic discourse that have informed this quest. In connection with a focus on civic discourse, projects might explore the role of women in America's civic life as well as the civic role of women in other cultures and regions of the world. Projects must draw on sound humanities scholarship related to the theme of Bridging Cultures, engage participating faculty in shared readings of important humanities texts, involve humanities scholars with appropriate expertise, improve the quality of humanities course offerings at a community college or community college system, and create opportunities to disseminate their results. The application must reflect a collaborative relationship between a community college or community college system and another institution with appropriate resources (such as a college or university, museum, research library, or professional association) in the planning and implementation of the project. The applicant of record may be a community college, community college system, or another institution with appropriate resources.

Summer Stipends Grant

Document Type:	Grants Notice
Funding Opportunity Number:	20140930-FT
Funding Opportunity Title:	Summer Stipends
Opportunity Category:	Discretionary
Funding Instrument Type:	Grant
Category of Funding Activity:	Humanities (see "Cultural Affairs" in CFDA)
Category Explanation:	
Expected Number of Awards:	
CFDA Number(s):	45.160 -- Promotion of the Humanities Fellowships and Stipends
Cost Sharing or Matching Requirement:	No
Posted Date:	May 12, 2014
Creation Date:	May 12, 2014
Original Closing Date for Applications:	Sep 30, 2014
Current Closing Date for Applications:	Sep 30, 2014
Archive Date:	
Estimated Total Program Funding:	
Award Ceiling:	\$6,000
Award Floor:	\$6,000
Eligible Applicants:	Individuals
Agency Name:	National Endowment for the Humanities
Description:	Summer Stipends support individuals pursuing advanced research that is of value to humanities scholars, general audiences, or both. Recipients usually produce articles, monographs, books, digital

materials, archaeological site reports, translations, editions, or other scholarly resources. Summer Stipends support continuous full-time work on a humanities project for a period of two consecutive months. Summer Stipends support projects at any stage of development. Summer Stipends are awarded to individual scholars. Organizations are not eligible to apply. NEH encourages submission of Summer Stipends applications from independent scholars and faculty at Hispanic-Serving Institutions, Historically Black Colleges and Universities, and Tribal Colleges and Universities.

Original Closing Date for Applications:	Jul 17, 2014
Current Closing Date for Applications:	Jul 17, 2014
Archive Date:	
Estimated Total Program Funding:	
Award Ceiling:	\$350,000
Award Floor:	\$1
Eligible Applicants:	City or township governments State governments County governments Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education Private institutions of higher education Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education Native American tribal governments (Federally recognized) Public and State controlled institutions of higher education Special district governments National Endowment for the Humanities
Agency Name:	
Description:	The Humanities Collections and Reference Resources (HCRR) program supports projects that provide an essential underpinning for scholarship, education, and public programming in the humanities. Thousands of libraries, archives, museums, and historical organizations across the country maintain important collections of books and manuscripts, photographs, sound recordings and moving images, archaeological and ethnographic artifacts, art and material culture, and digital objects. Funding from this program strengthens efforts to extend the life of such materials and make their intellectual content widely accessible, often through the use of digital technology. Awards are also made to create various reference

resources that facilitate use of cultural materials, from works that provide basic information quickly to tools that synthesize and codify knowledge of a subject for in-depth investigation. HCRR offers two kinds of awards: 1) for implementation and 2) for planning, assessment, and pilot efforts (HCRR Foundations grants).

Additional Information on Eligibility:	
Agency Name:	National Endowment for the Humanities
Description:	The National Endowment for the Humanities (NEH) in the United States and the German Research Foundation (Deutsche Forschungsgemeinschaft e.V., DFG) are working together to offer support for projects that contribute to developing and implementing digital infrastructures and services for humanities research. In order to encourage new approaches and develop innovative methods in any field of the humanities, these grants provide funding for up to three years in any of the following areas: <ul style="list-style-type: none"> • developing innovative methods • as well as standards and best practices for building and merging digital collections that are significant and of major current interest, for use in humanities research; • developing and implementing generic tools, methods, and techniques for accessing and processing digital resources relevant to humanities research; • creating new digital modes of scholarly communication and publishing that facilitate international cooperation and

dissemination of humanities scholarship; and developing models for effectively managing digital data generated in humanities research projects (for example, texts, audio files, photographs, 3D objects) and exemplifying those models in case studies.

Archive Date:	

Estimated Total Program Funding:

Award Ceiling: \$400,000

Award Floor: \$90,000

Eligible Applicants: Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education
Native American tribal governments (Federally recognized)
Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education
County governments
Special district governments
City or township governments
State governments

Agency Name: National Endowment for the Humanities

Description: Grants for Fellowship Programs at Independent Research Institutions (FPIRI) support fellowships at institutions devoted to advanced study and research in the humanities. Recognizing that at times scholars need to work away from their homes and institutions, the FPIRI program offers fellowships that provide scholars with research time, a stimulating intellectual environment, and access to resources that might otherwise not be available to them. Fellowship programs may be administered by independent centers for advanced study, libraries, and museums in the United States; American overseas research centers; and American organizations that have expertise in promoting research in foreign countries. Individual scholars apply directly to the institutions for fellowships. A list of currently funded institutions is available. In evaluating applications consideration is given to the library holdings, archives, special collections, and other resources either on site or nearby that institutions make available to

fellows. FPIRI grants provide funding to programs for humanities fellowships of four to twelve months. The fellowships are held at the U.S. grantee institutions Orin the case of overseas research centers and organizations abroad. Fellowship tenure must be fulltime and continuous. FPIRI-funded fellows must be selected by an external committee. FPIRI grants support fellowship stipends at a rate of \$4,200 per month and a portion of the costs of selecting the fellows, up to \$7,000. Indirect costs are not allowed in this program.

National Science Foundation

General Funding Overview

The National Science Foundation funds research and education in most [fields of science and engineering](#). It does this through grants, and cooperative agreements to more than 2,000 colleges, universities, K-12 school systems, businesses, informal science organizations and other research organizations throughout the United States. The Foundation accounts for about one-fourth of federal support to academic institutions for basic research.

NSF receives approximately 40,000 proposals each year for research, education and training projects, of which approximately 11,000 are funded. In addition, the Foundation receives several thousand applications for graduate and postdoctoral fellowships.

The agency operates no laboratories itself but does support National Research Centers, user facilities, certain oceanographic vessels and Antarctic research stations. The Foundation also supports cooperative research between universities and industry, US participation in international scientific and engineering efforts, and educational activities at every academic level.

	47.081 -- Office of Experimental Program to Stimulate Competitive Research
Cost Sharing or Matching Requirement:	No
Posted Date:	Jul 2, 2014
Creation Date:	Jul 2, 2014
Original Closing Date for Applications:	Proposals Accepted Anytime. Submission deadlines vary by program and proposals must meet program-specific requirements to be considered for review. PIs should contact cognizant program officers for guidance.
Current Closing Date for Applications:	Proposals Accepted Anytime. Submission deadlines vary by program and proposals must meet program-specific requirements to be considered for review. PIs should contact cognizant program officers for guidance.
Archive Date:	Sep 30, 2015
Estimated Total Program Funding:	\$56,000,000
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Who May Submit Proposals: Proposals may only be submitted by

Agency Name:
Description:

the following: Eligible predominantly undergraduate institutions (PUIs) are accredited colleges and universities (including two-year community colleges) that award Associate's degrees, Bachelor's degrees, and/or Master's degrees in NSF-supported fields, but have awarded 20 or fewer Ph.D./D.Sci. degrees in all NSF-supported fields during the combined previous two academic years. Who May Serve as PI: See Additional Eligibility Information in Section IV.B of this solicitation. National Science Foundation The Research in Undergraduate Institutions (RUI) and Research Opportunity Awards (ROA) funding opportunities support research by faculty members at predominantly undergraduate institutions (PUIs). RUI proposals support PUI faculty in research that engages them in their professional field(s), builds capacity for research at their home institution, and supports the integration of research and undergraduate education. ROAs similarly support PUI faculty research, but these awards typically allow faculty to work as visiting scientists at research-intensive organizations where they collaborate with other NSF-supported investigators. Eligible PUIs are accredited colleges and universities (including two-year community colleges) that award Associate's degrees, Bachelor's degrees, and/or Master's degrees in NSF-supported fields, but have awarded 20 or fewer Ph.D./D.Sci. degrees in all NSF-supported fields during the combined previous two academic years. All NSF directorates may support RUI and ROA funding

activities. Funding for these awards is contained within research and education program allocations and not held as a separate allocation. RUI and ROA proposals are evaluated and funded by NSF programs in the disciplinary areas of the proposed research and are funded at their discretion. Prospective PIs should contact disciplinary program officers to identify specific NSF programs and to determine the feasibility and timing of RUI/ROA requests. General RUI/ROA points of contact are available through the website

http://www.nsf.gov/crssprgm/rui_roa/contacts.jsp. 1. Research in

Undergraduate Institutions (RUI).

An RUI proposal may be: A request to support an individual research project or a collaborative research project involving PUI faculty and students at their own or other institutions. A request involving shared research instrumentation. 2.

Research Opportunity Awards (ROA). The types of ROA

opportunities include: A supplement to an existing NSF award to support ROA activities for PUI faculty.

Requests to rebudget funds in an existing NSF award to support ROA activities for PUI faculty.

Submission of a new collaborative proposal between a PUI and another institution(s), with a ROA component as a subaward or as part of a linked collaborative proposal.

Starting or growing a business? Owning a small business can be a fulfilling endeavor, but as you probably already know or are just finding out – it requires that you wear many hats. This of course leaves you with little time to take a deep dive into the many aspects of starting and growing a business. Instead, many business owners turn to search engines for answers when questions come up.

But what if you had access to a small business classroom that provided informed, accurate and always-available access to the advice and guidance you need?

Welcome to the **SBA Small Business Learning Center**.

Online Training and Tools for Small Business Owners

Launched in late 2012, the SBA Small Business Learning Center is an online portal that hosts a variety of self-paced online training courses, quick videos, web chats and more to help small business owners explore and learn about the many aspects of business ownership.

Content is filtered by topic, so no matter the stage of your business, or the kind of insight you need, you can quickly get answers.

For example, if you're wondering how SBA loan programs work or just need a primer in accounting or small business taxes, check out these self-paced [online financing courses](#) and [short videos](#). Or explore tips from the pros in these archived [SBA Web Chats](#).

Other topics covered include [starting a business as a young entrepreneur](#), [an introduction to franchising](#), [taking your business global with exporting](#), [marketing 101](#), [selling to the U.S. government](#), and much more.

Get More Help Offline

And if you can't find the training or advice that you need, use the "[Get Local Assistance](#)" interactive map to find one of many small business counseling, assistance and mentoring organizations in your community.

Browse around, and let us know what you think about the [SBA Small Business Learning Center](#)!

SBA Trainings

Contracting Opportunities for Veteran Entrepreneurs

This self-paced training exercise is an introduction to Federal contracting opportunities for Veterans.

Topics include basic information about Veteran-owned businesses and opportunities, services available to small Veteran-owned businesses, small business incentives, and government procurement methods.

Duration: 00:30:00

<http://www.sba.gov/tools/sba-learning-center/training/contracting-opportunities-veteran-entrepreneurs>

What the New Healthcare Law Means for Your Small Business

Meeting Description:

This webinar will focus on what the new healthcare law, the Affordable Care Act, means for small businesses. It will focus on both federal and state provisions to help local small business owners understand how the law will affect them. Topics being discussed include:

- Small business tax credits (available to businesses and tax-exempt non-profits)— who's eligible for them and how to claim them
- Marketplace updates
- Shared responsibility
- Cost containment
- Tools and resources available for small businesses interested in learning more about the law

A question and answer period will follow.

<https://cc.readytalk.com/cc/s/registrations/new?cid=ri009kv1izp1>

The SBA and Small Business Majority will continue to host free Affordable Care Act 101 weekly webinars so small business owners can learn the basics of the Affordable Care Act and how they can enroll in health insurance marketplaces.

Find your Niche with the SBA

12th Annual Hawaii Small Business Forum

The **12th Annual Hawaii Small Business Forum** brings together representatives from various federal agencies to discuss **contracting opportunities** and updates to small businesses looking to **start or expand opportunities as a federal contractor**. The morning session will feature presentations from Hawaii contracting agencies and other contracting topics of interest; the afternoon will be a **matchmaking event** with government, small and large business representatives. The event will be held on July 17, 2014, Thursday, at the Honolulu Country Club, 1690 Ala Puumalu Street, Honolulu, HI 96817, from 8:00 a.m. to 3:00 p.m. Registration is \$60 per person, with walk-in registration (\$75 cash only) based on availability; the fee includes continental breakfast, lunch, and program materials. Register early - seating is limited. SBA specialists will be at the event to answer questions and assist small businesses.

Register by contacting Dana Hauanio at (808) 956-0850 or info@honolulumbdacenter.com.

DOT - FAA Centers of Excellence
The FAA Center of Excellence (COE) for Unmanned Aircraft Systems Grant

Document Type: Grants Notice
Funding Opportunity Number: OTHER

Funding Opportunity Title:	The FAA Center of Excellence (COE) for Unmanned Aircraft Systems
Opportunity Category:	Other
Funding Instrument Type:	Cooperative Agreement
Category of Funding Activity:	Science and Technology and other Research and Development
Category Explanation:	
Expected Number of Awards:	
CFDA Number(s):	20.109 -- Air Transportation Centers of Excellence
Cost Sharing or Matching Requirement:	Yes
Posted Date:	Mar 28, 2014
Creation Date:	Mar 28, 2014
Original Closing Date for Applications:	Sep 15, 2014
Current Closing Date for Applications:	Sep 15, 2014
Archive Date:	Oct 15, 2014
Eligible Applicants:	Others (see text field entitled "Additional Information on Eligibility" for clarification)
Additional Information on Eligibility:	Institutions of higher education and their affiliates
Agency Name:	DOT - FAA Centers of Excellence
Description:	SUMMARY: In accordance with Public Law 101-508, the FAA plans to competitively select a Center of Excellence for UAS within the next year. The COE will be a geographically disbursed consortium of the FAA, university partners and their affiliates selected by the FAA Administrator to conduct UAS related research, education and training while working jointly on issues of mutual interest and concern. The FAA will initially issue cooperative agreements to the selected university team members and specific projects will be defined and funded through matching grants over the life of the COE. In accordance with Public Law 101-508, the COE is responsible for matching all funds granted to establish, operate and conduct related research, and may contract with others as appropriate. Following the

COE competitive process, the FAA sponsor may also generate requirements that would be supported through contract tasks awarded by the FAA to the COE member universities for FAA purpose. SELECTION CRITERIA: The FAA Administrator will select the COE team on the ability of the applicant to meet the following criteria mandated by Congress: --The extent to which the needs of the State in which the applicant is located are representative of the needs of the region for improved air transportation services and facilities. --The demonstrated research and extension resources available to the applicant for carrying out the intent of the legislation. --The capability of the applicant to provide leadership in making national and regional contributions to the solution of both long-range and immediate air transportation problems. --The extent to which the applicant has an established air transportation program. --The demonstrated ability of the applicant to disseminate results of air transportation research and educational programs through a statewide or region-wide continuing education program. --The research projects that the applicant proposes to carry out under the grant. Please Note: • All criteria are weighted equally. • A page limit will be specified in the Draft and Final Solicitations. • The actual projects supported through the COE will be defined and further evaluated following selection of the COE members. A research agenda will be developed during the first year of operation, and additional topic related tasks will be funded throughout the life of the Center. -2-

RESEARCH AREAS: The FAA intends for the Center members to support a broad range of research areas. Topics will include, but will not be limited to, the following: 1. Air Traffic Control Interoperability 2. Airport Ground Operations 3. Command and Control (C2) 4. Detect and Avoid (DAA) 5. Human Factors 6. System Performance 7. Privacy Practices for UAS Operations 8. System Engineering 9. Unmanned Aircraft Pilot Training and Pilot Certification Including Other UA Crew Members. The FAA anticipates the COE will attract organizations such as industrial groups and other public and private entities interested in collaborating with and coordinating the research and related activities that will generate solutions to immediate and long-term UAS related issues. These organizations may be considered as affiliate members by the COE core universities and may provide matching contributions and receive funding from the COE. The FAA will issue a Draft Solicitation, allow for a period of public comment, and discuss the COE and UAS technical requirements at a public meeting that will be conducted in the Washington, DC area in May. For additional UAS information and public meeting registration details, visit the COE UAS website: <https://faa-uas-coe.net>.

-3- This meeting is a condition of the procurement process and potential applicants are encouraged but are not required to attend. Registration prior to the meeting, however, will be mandatory. Contact: Patricia.Watts@FAA.gov to be placed on the COE mailing list for future COE notifications. AWARD DATE: The FAA Administrator

expects to announce the final selection of the COE for UAS core team within the next year. Issued in Atlantic County, New Jersey on March 28, 2014. Funding levels to be determined

PARTNERSHIP OPPORTUNITIES

USAID recognizes that achieving sustainable solutions to global challenges requires us to work in close collaboration with countries, partners of all sizes, citizens and the wider development community.

We are passionate about embracing a new model of development that taps into the expertise, resources and innovations of a diverse array of organizations across the public, private and nonprofit sectors that can bring groundbreaking solutions to solving development challenges. We are increasingly focused on fostering locally-owned, sustainable solutions by creating new ways to work directly with local entrepreneurs, civil society organizations and partner country governments to help nations build innovative economies and democratic societies connected to our own. Find out how you can work with us to improve millions of lives around the world.

The Small Business Innovative Research Program - SBIR Program

The Small Business Innovation Research (SBIR) program is a highly competitive program that encourages domestic small businesses to engage in Federal Research/Research and Development (R/R&D) that has the potential for commercialization. Through a competitive awards-based program, SBIR enables small businesses to explore their technological potential and provides the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated and the United States gains entrepreneurial spirit as it meets its specific research and development needs.

SBIR Mission and Program Goals

The mission of the SBIR program is to support scientific excellence and technological innovation through the investment of Federal research funds in critical American priorities to build a strong national economy.

The program's goals are four-fold:

- Stimulate technological innovation
- Meet Federal research and development needs.
- Foster and encourage participation in innovation and entrepreneurship by socially and economically disadvantaged persons.
- Increase private-sector commercialization of innovations derived from Federal research and development funding.

SBIR-Participating Agencies

Each year, Federal agencies with extramural research and development (R&D) budgets that exceed \$100 million are required to allocate 2.5 percent of their R&D budget to these programs. Currently, eleven Federal agencies participate in the program:

- [Department of Agriculture](#)
- Department of Commerce - [National Institute of Standards and Technology](#)
- Department of Commerce - [National Oceanic and Atmospheric Administration](#)
- [Department of Defense](#)
- [Department of Education](#)
- [Department of Energy](#)
- [Department of Health and Human Services](#)
- [Department of Homeland Security](#)
- [Department of Transportation](#)
- [Environmental Protection Agency](#)
- [National Aeronautics and Space Administration](#)
- [National Science Foundation](#)

Each agency administers its own individual program within guidelines established by Congress. These agencies designate R&D topics in their solicitations and accept proposals from small businesses. Awards are made on a competitive basis after proposal evaluation.

Three-Phase Program

The SBIR Program is structured in three phases:

Phase I. The objective of Phase I is to establish the technical merit, feasibility, and commercial potential of the proposed R/R&D efforts and to determine the quality of performance of the small business awardee organization prior to providing further Federal support in Phase II. SBIR Phase I awards normally do not exceed \$150,000 total costs for 6 months.

Phase II. The objective of Phase II is to continue the R/R&D efforts initiated in Phase I. Funding is based on the results achieved in Phase I and the scientific and technical merit and commercial potential of the project proposed in Phase II. Only Phase I awardees are eligible for a Phase II award. SBIR Phase II awards normally do not exceed \$1,000,000 total costs for 2 years.

Phase III. The objective of Phase III, where appropriate, is for the small business to pursue commercialization objectives resulting from the Phase I/II R/R&D activities. The SBIR program does not fund Phase III. Some Federal agencies, Phase III may involve follow-on non-SBIR funded R&D or production contracts for products, processes or services intended for use by the U.S. Government
